INDEPENDENT ACCOUNTANTS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

City of Norton
Summit County
4060 Columbia Woods Drive
Norton, Ohio 44203

To the Members of Council:

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the City of Norton, Summit County, Ohio (the City) as of and for the year ended December 31, 2011, which collectively comprise the City's basic financial statements and have issued our report thereon dated October 26, 2012. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the City's internal control over financial reporting as a basis for designing our audit procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of opining on the effectiveness of the City's internal control over financial reporting. Accordingly, we have not opined on the effectiveness of the City's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or combination of internal control deficiencies resulting in more than a reasonable possibility that a material misstatement of the City's financial statements will not be prevented, or detected and timely corrected.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider material weaknesses, as defined above.

Compliance and Other Matters

As part of reasonably assuring whether the City's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed an instance of noncompliance or other matter we must report under *Government Auditing Standards* which is described in the accompanying schedule of findings as item 2011-01.

We also noted certain matters not requiring inclusion in this report that we reported to the City's management in a separate letter dated October 26, 2012.

The City's response to the finding identified in our audit is described in the accompanying schedule of findings. We did not audit the City's response and, accordingly, we express no opinion on it.

We intend this report solely for the information and use of the management, City Council and others within the City. We intend it for no one other than these specified parties.

A handwritten signature in black ink that reads "Dave Yost". The signature is written in a cursive, flowing style.

Dave Yost
Auditor of State

October 26, 2012

**CITY OF NORTON
SUMMIT COUNTY**

**SCHEDULE OF FINDINGS
DECEMBER 31, 2011**

1. Appropriations Limited by Estimated Resources

<i>Finding Number</i>	2011-01
-----------------------	---------

NONCOMPLIANCE

Ohio Rev. Code Section 5705.39 provides in part, the total appropriations from each fund shall not exceed the total of the estimated revenue available for expenditure, as certified by the budget commission.

We noted original appropriations exceeded original estimated resources as follows:

Fund	Original Estimated Resources	Original Appropriations	Variance
General	\$5,985,166	\$6,158,369	(\$173,203)
Special Assessment Bond Retirement	398,970	477,721	(78,751)
State Highway	55,285	91,000	(35,715)
Water Systems	421,914	601,453	(179,539)
General Obligation Bond Retirement	719,397	896,657	(177,260)
Streets, Highways, and Bridges	293,232	578,194	(284,962)
Water and Sewer Improvements	300,325	453,490	(153,165)

We noted final appropriations exceeded final estimated resources as follows:

Fund	Final Estimated Resources	Final Appropriations	Variance
General	\$5,972,794	\$6,225,901	(\$253,107)
Special Assessment Bond Retirement	398,970	477,721	(78,751)
State Highway	55,285	91,000	(35,715)
DWI Enforcement Assistance	18,862	19,696	(834)
Water Systems	421,914	555,603	(133,689)
Special Permissive License Plate	326,559	419,019	(92,460)
General Obligation Bond Retirement	719,397	896,657	(177,260)
Streets, Highways, and Bridges	293,232	526,194	(232,962)

The Finance Director should monitor appropriations versus estimated resources to help avoid overspending.

Official's Response: The City will make every effort in the future to be compliant with Ohio Revised Code Section 5705.39. Appropriations versus estimated resources will be analyzed more frequently. The certificate of estimated resources will be reviewed and the necessary amendments will be submitted to the County for approval, including the certification of beginning balances.

Mayor Mike Zita

October 26, 2012

Members of City Council and
Citizens of Norton

This report enables the City to comply with Ohio Administrative Code Section 117-2-03 (B), which requires reporting on a GAAP (Generally Accepted Accounting Principles) basis, and Ohio Revised Code Section 117.38 which requires the cities reporting on a GAAP basis to file an unaudited annual report with the Auditor of State within 150 days of year end. An extension has been granted for this year.

Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal control should not exceed the anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

Ohio law requires independent audits to be performed on all financial operations of the City either by the Auditor of State or an independent public accounting firm, if permitted by the Auditor of State. The Auditor of State rendered an opinion on the City's financial statements as of December 31, 2011, and the Independent Accountants' Report on the basic financial statements is included in the financial section of this report.

Management's discussion and analysis (MD&A) immediately follows the independent accountants' report and provides a narrative introduction, overview and analysis of the basic financial statements. The MD&A complements this letter of transmittal and should be read in conjunction with it.

PROFILE OF THE GOVERNMENT

In September 1785, the area that became Norton was purchased as Town 1, Range 12 of the historic Connecticut Western Reserve. Early Norton consisted of seven hamlets: Norton Center, Loyal Oak, Western Star, Hametown, Sherman, Johnson's Corners, and New Portage.

The area was sparsely populated until after the War of 1812 when New Englanders relocated into the region followed by German settlers from Pennsylvania. Norton was originally a part of Wolf Township locally organized in 1816 along with what are now Copley, Guilford, Montville, Sharon and Wadsworth Townships.

Independent Norton Township was formed in the spring of 1818 and named after landowner Birdseye Norton. It was incorporated as a village in 1961, became a charter village in 1962 and became a charter City in 1969. Under the Ohio Constitution, the City of Norton may exercise all powers of self-government, and police powers to the extent not in conflict with applicable general laws. The City is subject to some general laws applicable to all cities.

The City is located in the counties of Summit and Wayne in northeastern Ohio, and is 20.54 square miles in size. The City of Norton is approximately 40 miles south of Cleveland, and five miles southwest of Akron. The Highway system includes State Route 21, U.S. 224 and Interstate 76 with access to Interstate 77. The Ohio Turnpike and Interstate 71 are approximately 15 minutes away. The Akron-Canton Airport, 20 miles south, and Cleveland-Hopkins Airport, 35 miles north, both offer commercial, passenger and freight service. Wheeling and Lake Erie provide rail service to the community.

The City of Norton has an excellent public school system which is supplemented by local vocational and technical schools. An array of higher education programs are available at nearby University of Akron (5 miles) as well as Mount Union, Baldwin Wallace, Lake Erie College, Oberlin, John Carroll, Kenyon, Ashland, Malone, Walsh, Stark State, Cleveland State, Cuyahoga County Community College, Notre Dame (Cleveland), Mount Union (Alliance), NEOUCOM College, Case Western Reserve University, Kent State University, Wooster ATI and Wooster College, all within a one-hour drive.

As authorized by its charter and codes, the City provides the following broad categories of services to its citizens:

- ◆ The Service Department includes the division of Streets, Parks and Cemeteries. The Service Department is also responsible for maintenance of City facilities and vehicles.
- ◆ The Safety Department includes the divisions of Police, Fire and Emergency Medical Services.
- ◆ The Administration Department is responsible for all other functions including building, zoning and development.

As previously mentioned, Norton was organized as a Village in 1961; the Village was and the City is a home-rule municipal corporation operating under the laws of the State of Ohio. The original charter was adopted on November 6, 1962. The Charter was readopted by the voters in its entirety on November 5, 1991. The Charter was amended in 1994 and 2007.

Legislative authority is vested in a seven member Council, four of which are elected from wards and three elected at-large. Council's term of office begins January 1st following the election, and runs for four years. Council holds an organizational meeting the second day of January of each year, or if such date is a Saturday or Sunday then on the following Monday. The prior President of Council presides over the meeting until the members of Council elect a President of Council.

Council appoints the Clerk of Council, who serves at the pleasure of the Council. The City Council approves compensation of City officials and employees, and enacts legislation in the form of ordinances and resolutions relative to City services, income taxes, appropriating and borrowing monies, and other municipal purposes.

The Mayor is elected for a four-year term to begin the first day of January following the election. According to the Charter, the Mayor is the executive of the City and is responsible to the electors for enforcement of all laws and ordinances, and for control and proper operation of all administrative departments and divisions. The Mayor appoints an Administrative Officer, Director of Finance, Director of Law, and Director of Community Development, subject to confirmation by a majority vote of Council. The Administrative Officer serves as the head of the service and safety departments. The Directors are responsible to the Mayor for the general administration of the affairs of the City. The Director of Community Development is currently an unfilled position, and those tasks are shared by the Administrative Officer and the Superintendent of Buildings and Zoning Inspector.

LOCAL ECONOMY

The City experienced little to no growth in 2011, both in the areas of commercial and residential development. Construction activity was low, permits and inspections were historically low.

Some positives did occur. Fred Martin Motors completed a renovation and expansion project in 2009, investing around \$5,000,000 and providing an impressive new look to their already prime location just off Interstate 76 at Barber Road. Since that expansion, Fred Martin Motors has experienced increased sales at the facility. They have also opened a new Fiat Dealership and purchased two nearby properties, one of which is an expansion of their auto sales and the other is in design for a new car wash business. In 2010, JR Engineering (Wheel) brought back employees and has returned to the top ten principal employers list in 2011, and is anticipated to remain there for years to come.

Some significant projects were completed. This included the water and sewer lines on Greenwich Road and a sewer line on Oak Street.

CITY PROJECTS

The City continues capital investments in Columbia Woods Park (a main park adjacent to the City Offices and the Community Center) with the addition of basketball courts.

The City completed the design of its new fire station in 2009 and construction began in early 2010 and the project is now completed. The station is sized to handle all of our current needs and anticipated expansion due to anticipated development. The capital cost is funded by a levy passed by voters in 2007.

New sanitary sewer lines were installed on a portion of Long and Greenwich Roads. Both provide much needed service to residential areas, and Greenwich allows the extension of sanitary sewer into some of the Nash Heights residential area.

Partial grant funding was awarded for the fully engineered reconstruction of New Park Drive, an important industrial park, and the City is working to find funding for the balance of the project.

MAJOR INITIATIVES

New projects on the horizon include a \$16 million expansion of Cleveland-Massillon Road, a main thoroughfare. Grants account for 90 percent of the project funding and engineering on the project continued and remains on track. Discussions have begun on the engineering of a large sanitary sewer project to serve the Nash Heights area. Nash Heights is predominantly residential and there is a high need to sewer service given the general age of the septic systems now serving the area. Additionally, the Nash Heights project would set the stage for economic development in the area.

The City continues to seek funding to purchase Lake Dorothy, a 200-plus acre lake in the center of the community. Lake Dorothy is unique in that entire perimeter of the lake is privately owned.

FINANCIAL PLANNING AND POLICIES

Unassigned fund balances for funds with annual operating expenses need a healthy carryover to avoid cash management issues and to cover budget increases when necessary. For planning and budgetary purposes for operating funds, Norton has targeted 15 to 33 percent carryover balances as a percent of appropriations. This large carryover is needed to cover accrued obligations and unexpected expenses. Further, the healthy balances are intended to be attractive to financing sources when we issue debt. As of December 31, 2011, the general fund carryover was up to around 38 percent of 2011 expenses. This is without the mandatory movement of income tax to the water and sewer improvements fund of \$425,000. It is notable that the City of Norton carried a large reimbursement grant receivable from the federal government of about \$190,000, which was received in 2011.

NEW TAXES SUPPORT LOCAL GOVERNMENT

In November 2004, the voters of Norton approved a half (1/2) percent increase for City income tax and then in 2005 out-sourced the collection to Central Collection Agency, a regional income tax collecting service in Cleveland. The annual income tax collections (cash basis) increased from \$2,657,039 in 2004 to \$4,014,015 in 2008 for an increase of 51.07 percent. Income tax revenues since this time have been down due to a slowdown in the economy. Income tax results for the general fund for 2011 were about \$4,073,000. This is on a cash basis after the mandatory movement of income tax to the water and sewer improvements fund due to the change in the tax credit.

In 2009, the Norton City Council passed a change to the tax credit from a full credit up to 1 and 1/2 percent credit effective July 1, 2009. As a result, all residents pay at least a 1/2 percent income tax to the City of Norton. The proceeds from this change are intended for new sewer and water lines. Revenues began in 2009, and have generated approximately \$725,000 on a cash basis as of December 31, 2011.

AWARDS AND ACKNOWLEDGEMENTS

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Norton for its Comprehensive Annual Financial Reports for the year ended December 31, 2010. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government financial reports. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report, whose content conforms to program standards. Such reports must satisfy both generally accepted accounting principals and applicable legal requirements.

A Certificate of Achievement is valid for a one-year period. The City of Norton has received a Certificate of Achievement for years. Nevertheless, we believe our current report continues to conform to the Certificate of Achievement Program requirements, and we are submitting it to the GFOA for review.

The Director of Finance strongly supports full disclosure of the City's finances. We would like to thank the Members of Council, whose leadership made the preparation of this report possible. The employees of the City of Norton are dedicated to serve its citizens. The preparation of a report of this scope depends upon the dedication of many employees, but especially to the employees in the Department of Finance and to the Local Government Services Section of the Auditor of State's Office for their assistance and guidance in the preparation of this report.

We would like to take this opportunity to thank the residents, businesses and taxpayers of the City of Norton for entrusting us with the administration of their local government.

We would also like to take this opportunity to acknowledge the loss of John P. Moss, former Finance Director for the City of Norton from 2006 through May of 2012, who passed away in September of 2012. Mr. Moss' patient dedication and generous spirit provided many citizens, employees and business owners with his unique perspective and camaraderie, all of which contributed to many of the improvements and achievements enjoyed by the City. John will be truly missed and we dedicate this report in memory.

Respectfully submitted,

Mike Zita
Mayor

INDEPENDENT ACCOUNTANTS' REPORT

City of Norton
Summit County
4060 Columbia Woods Drive
Norton, Ohio 44203

To the Members of Council:

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the City of Norton, Summit County, Ohio, (the City) as of and for the year ended December 31, 2011, which collectively comprise the City's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the City's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require that we plan and perform the audit to reasonably assure whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the City of Norton, Summit County, Ohio, as of December 31, 2011, and the respective changes in financial position and where applicable, cash flows, thereof and the respective budgetary comparison for the General Fund, Street Construction, Maintenance and Repair Fund and the Fire/EMS Levy Fund, for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated October 26, 2012, on our consideration of the City's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. While we did not opine on the internal control over financial reporting or on compliance, that report describes the scope of our testing of internal control over financial reporting and compliance and the results of that testing. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*. You should read it in conjunction with this report in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require this presentation to include *Management's discussion and analysis*, as listed in the table of contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any other assurance.

We conducted our audit to opine on the financial statements that collectively comprise the City's basic financial statements taken as a whole. The introductory section, the financial section's combining statements, individual fund statements and schedules, and the statistical section information provides additional analysis and is not a required part of the basic financial statements. The financial section's combining statements, individual fund statements and schedules are management's responsibility, and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. These statements and schedules were subject to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling this information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, in accordance with auditing standards generally accepted in the United States of America. In our opinion, this information is fairly stated in all material respects in relation to the basic financial statements taken as a whole. We did not subject the introductory section and statistical section information to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion or any other assurance on them.

Dave Yost
Auditor of State

October 26, 2012

City of Norton, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2011
Unaudited

The discussion and analysis for the City of Norton's financial statements provides an overall review of the financial activity of the City for the twelve months ended December 31, 2011. The intent of this discussion is to provide a narrative that describes the City's performance as a whole. To obtain a more detailed understanding regarding the City's financial performance, one should also review the transmittal letter, the basic financial statements and notes to the basic financial statements.

Financial Highlights

Norton is still impacted by the downturn of the national economy. Small increase in income tax revenue from the prior year provided room to sustain services. Expenditures decreased due to fewer projects outstanding in 2011. The City also issued long-term notes to continue to fund construction projects described below.

- The City issued \$1,445,000 in various improvement notes to finance several projects underway in the City, including construction of a new fire station and installing waterlines.
- The City's largest expenditures occur within the security of persons and property. A significant decrease can be seen in the statement of activities in 2011 compared to 2010. This decrease is a result of the completion of the new fire station during 2011.

Using this Annual Financial Report

As an introduction to the City of Norton's financial status this annual report consists of a series of financial statements and notes to those statements. These statements are prepared and organized so the reader can understand the City of Norton as a whole or as an entire operating entity. The statements will provide a detailed look at specific financial conditions.

The Statement of Net Assets and Statement of Activities provide information from a summary perspective showing the effects of the operations for the year 2011 and how they affected the City of Norton's operations. Major fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short term as well as what dollars remain for future spending. The fund financial statements also look at the City's most significant funds with all other nonmajor funds presented in total in one column.

Reporting the City of Norton as a Whole

Statement of Net Assets and the Statement of Activities

This financial view of the City as a whole considers all transactions and answers the question of how the City of Norton performed financially during 2011. The Statement of Net Assets and the Statement of Activities provide summary information concerning the financial position and operations of the City as an entity, as well as the overall evaluation of the City's financial status.

These statements include all non-fiduciary assets and liabilities using the accrual basis of accounting. This method takes into account all revenues when they are earned and all expenses when they are incurred. Transactions are booked when they occur and not when actual cash is received for revenues or when invoices are paid.

City of Norton, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2011
Unaudited

These two statements report the City's net assets and any changes in those assets, which is an important method to use to inform the reader whether the financial position of the City is improving or deteriorating. To evaluate the overall position of the City, particular items must be taken into consideration. These items include the current economic situation as a whole, the current tax base for the City and the age and condition of City buildings and infrastructure.

The Statement of Net Assets and the Statement of Activities for the City of Norton are divided into the following categories:

- Assets
- Liabilities
- Net Assets (Assets minus Liabilities)
- Program Expenses and Revenues
- General Revenues
- Net Assets Beginning of Year and Year's End

Reporting the City of Norton's Most Significant Funds

Fund Financial Statements

The analysis of the City's major funds begins on page 7. Fund financial reports give detailed information of activities within these funds. The City currently has forty-one funds, which have been established to account for the multitude of services provided to residents, for employee health care and the operation of facilities, as well as for infrastructure and capital purchases. These fund financial statements focus on the City's four major funds: the general fund, the street construction, maintenance and repair fund, the fire/EMS levy fund, and the special assessment bond retirement fund.

Governmental Funds – The City's major activities are reported in the governmental funds, which focus on cash flows and year end balances available for future spending. The accounting method used to report this activity is the modified accrual method, which measures cash and all other financial assets that can be converted into cash. Here noted is the level of financial resources for services the City intends to provide in the near future. These services include fire and safety protection, as well as maintaining and improving streets and roads, storm sewers, parks and other facilities. The relationship between governmental activities (reported in the Statement of Net Assets and the Statement of Activities) and the governmental funds is reconciled in the financial statements.

Proprietary Fund – The City's only proprietary fund is an internal service fund, which accounts for a self-insurance program for employee medical claims. Activity in this fund is dramatically reduced due to a switch to a fully insured product.

Fiduciary Fund – The City has only one type of fiduciary fund, agency funds. Agency funds are used to account for resources held for the benefit of parties outside the City. The agency funds are not reflected on the government-wide statements because the resources from those funds are not available to support the City's programs.

The City of Norton as a Whole

The Statement of Net Assets provides an overall view of the City. Table 1 shows a summary of the City's net assets for 2011 as they compare to 2010.

Table 1
Net Assets

	Governmental Activities		
	2011	Restated 2010	Change
<i>Assets</i>			
Current and Other Assets	\$10,866,701	\$10,570,176	\$296,525
Capital Assets, Net	23,356,528	22,916,983	439,545
Total Assets	34,223,229	33,487,159	736,070
<i>Liabilities</i>			
Current and Other Liabilities	2,236,031	2,277,663	(41,632)
Long-term Liabilities			
Due Within One Year	589,681	579,206	10,475
Due in More than One Year	8,103,869	9,056,901	(953,032)
Total Liabilities	10,929,581	11,913,770	(984,189)
<i>Net Assets</i>			
Invested in Capital Assets			
Net of Related Debt	15,529,859	14,229,214	1,300,645
Restricted:			
Capital Projects	325,017	949,705	(624,688)
Debt Service	533,193	383,156	150,037
Police	83,564	66,161	17,403
Fire and EMS	1,186,143	1,632,559	(446,416)
Transportation	647,000	504,317	142,683
Sewerline/Waterline Maintenance	774,492	717,047	57,445
Other Purposes	52,709	113,047	(60,338)
Unclaimed Monies	5,320	5,320	0
Unrestricted	4,156,351	2,972,863	1,183,488
Total Net Assets	\$23,293,648	\$21,573,389	\$1,720,259

The increase in total assets was primarily the result of additions to capital assets during 2011.

Total liabilities decreased, primarily the result of long term notes being paid off and being reissued at a smaller amount.

Governmental Activities

Several revenue sources fund governmental activities with the City of Norton's municipal income tax being the largest contributor. The income tax rate of 1 percent was created by City Charter adopted November 6, 1962 and re-adopted in its entirety by the voters at a general election held on November 5, 1992. The City allowed a 100 percent credit of taxes paid to other municipalities, up to 1 percent of income. The 1 percent tax created by the Charter remained in effect until July 1, 1974, when Norton's electorate increased the income tax rate to 1.5 percent, with a 100 percent credit of taxes paid to other municipalities up to 1.5 percent of income. The 1.5 percent tax remained in effect until November 4, 2004, when Norton's electorate increased the income tax rate effective January 1, 2005 to 2 percent, with a 100 percent credit of taxes paid to other municipalities up to 2 percent of income. In 2009, City Council reduced the credit to a maximum of 1.5 percent towards the 2 percent tax, with the proceeds going to sewer and water improvement projects.

The operations of the City's safety forces account for the largest expense in governmental activities, representing almost half of the total governmental activity expenses. The police service for the City of Norton is a full time, 24-hour per day, 365 days per year operation. The staff consists of a full time chief, three full time sergeants, ten full time patrol officers, six part time patrol officers and one full time records clerk. The police operations also include dispatch for police, fire and EMS, with five full time dispatchers, and one part time dispatcher. Currently, dispatch is run as a joint project with Copley, Ohio as the City explores a long term joint project.

The fire/paramedic division is a full-time, 24-hour per day, 365-days per year operation utilizing two fire stations. The staff consists of a full time chief, one full time fire/paramedic, thirty-two part time fire/EMT/paramedics, six of which are Lieutenants and three are Captains, and one full time secretary.

Security of persons and property expense decreased as compared to 2010 due to the completion of the new fire station project.

The City's Funds

Information about the City's governmental funds begins on page 14. These funds are accounted for by using the modified accrual method of accounting. This year was marked by a reduction of revenues. The City responded by cutting operating costs where possible and the use of carryover balances. Historically, the City has maintained healthy carryover balances in operating funds and saves up carryover balances in capital funds.

Revenues exceeded expenditures overall by \$762,572, increasing the City-wide fund balance to \$6,147,166. Significant changes to the City's major funds are described below.

For general fund, the carryover balance increased by \$1,246,907, due primarily to increases in municipal income tax and intergovernmental revenues by \$278,778 and \$191,799, respectively. Expenditures in the general fund remained in line with the prior year; however, transfers out to other funds decreased by \$277,134 from the prior year.

The street construction, maintenance and repair fund had an increase in fund balance of \$53,692. This was achieved by a reduction of expenditures in the current year by \$131,201, as revenues in the current year slightly decreased from the prior year.

City of Norton, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2011
Unaudited

The fire/EMS levy fund expenditures decreased by \$1,856,469 due to the completion of a new fire station, which represented the majority of the change in expenditures from the prior year, which were \$3,547,778. Even with the large reduction in expenditures, the fire/EMS levy fund balance decreased by \$644,615 due to lower revenues and other financing sources.

The special assessment bond retirement fund had a higher fund balance from the prior year due to higher special assessments collected, which more than doubled from the prior year, and transfers in.

General Fund Budgeting Highlights

The City's budget is prepared according to Ohio law and is based on accounting for certain transactions based on cash receipts, disbursements, and encumbrances. The most significant budgeted fund is the general fund. An annual appropriation budget is legally required to be prepared for all funds of the City other than agency funds. The Finance Director presents City Council with a detailed line item budget for all departments. Following a Finance Committee budget hearing, which is open to the public, the annual budget is adopted at a personal service and other expenditures within each fund level of control by City Council at a regularly scheduled council meeting. Any budgetary modifications must be made by ordinance of the City Council.

Strong emphasis is placed on fund balances. The Director of Finance reviews fund balances on a regular basis. Monthly reports are submitted to the Mayor and Council showing beginning fund balances for all funds at the beginning of the year, monthly and year-to-date revenues and expenditures, intra-fund transfers, and the current fund balances. Department and division heads are also provided monthly reports to monitor their purchase orders and account balances for additional operational spending.

For the general fund, original budgeted revenues were \$4,446,798 and final budgeted revenues were \$4,434,426. This \$12,372 difference is mainly due to decreased budgeted revenues for municipal income taxes of \$8,870 and intergovernmental revenue of \$1,986. Original budgeted expenditures were \$5,243,908 and final budgeted expenditures were \$5,307,640 for an increase of \$63,732. The increase is primarily the result of supplemental appropriations for the police department for costs in relation to salaries and wages, materials and supplies, and capital outlay.

Actual revenue collections for general fund were \$5,905,395, \$1,470,969 higher than final budgeted revenues, which is attributed to higher actual municipal income tax than anticipated. Actual expenditures were \$4,870,224. This reduction of \$437,416 from the final budget was due to efforts to control actual expenditures in anticipation of lower revenue.

Capital Assets and Debt Administration

Capital Assets

Table 3
Capital Assets at December 31
(Net of Depreciation)

	Governmental Activities		
	2011	2010	Change
Land	\$1,397,908	\$1,176,978	\$220,930
Construction in Progress	634,233	5,318,157	(4,683,924)
Land Improvements	1,001,941	1,017,367	(15,426)
Building and Improvements	4,339,973	1,347,819	2,992,154
Equipment, Furniture and Fixtures	618,383	675,279	(56,896)
Vehicles	1,221,999	1,332,517	(110,518)
Infrastructure			
Water Lines	5,721,912	5,431,652	290,260
Sanitary Sewer Lines	4,583,860	4,026,225	557,635
Roads	3,836,319	2,590,989	1,245,330
<i>Totals</i>	\$23,356,528	\$22,916,983	\$439,545

Capital assets increased over 2010, primarily due to the completion of the new fire station and several waterline and road resurfacing projects. For more information about the City's capital assets, see Note 9 in the basic financial statements.

Debt

As of December 31, 2011, the City of Norton had the following in outstanding debt:

Table 4
Outstanding Debt at Year End

	Governmental Activities		
	2011	2010	Change
General Obligation Bonds	\$4,717,669	\$4,972,443	(\$254,774)
Special Assessment Bonds	1,910,222	2,006,706	(96,484)
Long-Term Notes	1,315,000	1,979,422	(664,422)
Short-Term Notes	130,000	0	130,000
<i>Totals</i>	\$8,072,891	\$8,958,571	(\$885,680)

City of Norton, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2011
Unaudited

The general obligation bonds outstanding are to finance various projects in the City, including ballfields, a police radio system, and infrastructure projects. The bonds are paid from property taxes and monies transferred from the general fund.

The special assessment bonds are to finance various projects and are paid from the collection of special assessments from the benefited property owners.

For more information about the City's debt, see Notes 11 and 12 in the basic financial statements.

Current Financial Related Issues

Effective January 1, 2005 the electorate of Norton approved a 0.5 percent City income tax increase. This increase was to provide funds for general municipal operations, new equipment, debt service, purchase of a City service garage, and the overall commitment of municipal services. As a result of the rate change income tax revenue increased by about 50 percent over 2005 on a cash basis. The City has received further increases based on normal economic growth. Additionally, in 2009, City Council reduced the tax credit from up to 2 percent to up to 1.5 percent, resulting in an effective minimum tax of 0.5 percent. The new revenue from this change is committed to the cost of water and sewer improvements.

Meeting the financial and infrastructure needs of the community continues to be the primary goal of the City. The City has maintained services at past levels while adjusting to lower revenues through the Administration making fiscal management and the City Council making strict budget supervision their priorities. To facilitate the pay-down of debt, equipment purchases as well as facility improvements, acquisition and other necessary major purchases have been paid for in cash where possible. Capital construction project funded by grants, assessments or other outside revenue are supported by short term debt. The City will continue to pay close attention to healthy carryover balances and the pay-down of debt in the future. The General Fund carryover balance has been hurt by the economic downturn in recent years. Emergency medical services have been a strain on the existing levy revenue and cannot be sustained much longer without new revenue. The City has kept the work force size at a financially manageable level and still has met the needs of the City residents.

The Administration's commitment to the residents has always been one of full disclosure of the financial position of the City. Also offered for many years is information on the City of Norton's website regarding finances, services and other matters of interest to residents. The Administration continues toward its goal of keeping all residents and other interested parties fully informed of all financial aspects of the City of Norton.

Contacting the City of Norton's Finance Department

The intent of this financial report is to provide Norton citizens, taxpayers, creditors and investors with a general overview of the City's finances and to show the City's accountability for the public funds it receives, spends, and invests. If you have any questions about this report or need additional financial information, contact the Director of Finance, Laura Starosta, at the City of Norton, 4060 Columbia Woods Drive, Norton, Ohio 44203, (330) 825-7815, or email to lauras@cityofnorton.org, or visit our website at www.cityofnorton.org.

*Reconciliation of the Statement of Revenues, Expenditures and Changes
in Fund Balances of Governmental Funds to the Statement of Activities
For the Year Ended December 31, 2011*

Total Governmental Funds	Net Change in Fund Balances -Total Governmental Funds	\$762,572
	<i>Amounts reported for governmental activities in the statement of activities are different because:</i>	
\$1,683,465	Governmental funds report capital outlays as expenditures. However,	
4,645,951	in the statement of activities, the cost of those assets is allocated	
665,220	over their estimated useful lives as depreciation expense. This is	
160,343	the amount by which capital outlays exceeded depreciation in the	
33,694	current period.	
170,662	Capital Asset Additions:	
2,256,857	Capital Outlays	1,007,465
6,412	Capital Contributions	238,265
179,916	Current Year Depreciation	<u>(692,185)</u>
<u>9,802,520</u>	Total	553,545
	Governmental funds only report the disposal of capital assets to the extent	
	proceeds are received from the sale. In the statement of activities, a gain	
	or loss is reported for each disposal.	(114,000)
2,039,058	Revenues in the statement of activities that do not provide current	
3,763,267	financial resources are not reported as revenues in the funds.	
1,382,450	Property Taxes	29,692
136,317	Income Taxes	67,998
69,907	Charges for Services	104,371
140,871	Special Assessments	(18,780)
365,560	Grants	<u>(454,084)</u>
2,312,000	Total	(270,803)
296,328	Repayment of bond and note principal is an expenditure in the	
<u>10,505,758</u>	governmental funds, but the repayment reduces long-term	
	liabilities in the statement of net assets.	2,312,000
(703,238)	Some expenses reported in the statement of activities do not require the use	
	of current financial resources and therefore are not reported as	
	expenditures in governmental funds.	
1,315,000	Accrued Interest on Bonds	3,098
1,010,988	Amortization of Issuance Cost	(5,900)
(860,178)	Amortization of Premium on Bonds	6,258
1,465,810	Amortization of Premium on Notes	<u>12,422</u>
	Total	15,878
762,572	Compensated absences reported in the statement of activities do not require	
<u>5,384,594</u>	the use of current financial resources and therefore are not	
	reported as expenditures in governmental funds.	(73,123)
<u>\$6,147,166</u>	The internal service fund used by management to charge the costs	
	of insurance to individual funds are not reported in the entity-	
	wide statement of activities. Governmental fund expenditures	
	and related internal service fund revenues are eliminated.	
	The change for governmental funds is reported for the year.	(150,810)
	Other financing sources in the governmental funds, such as	
	general obligation notes issued, increase long-term	
	liabilities in the statement of net assets.	<u>(1,315,000)</u>
	<i>Change in Net Assets of Governmental Activities</i>	<u>\$1,720,259</u>

City of Norton, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2011

Note 1 – Description of the City and Reporting Entity

The City of Norton (the "City") is a chartered municipal corporation, incorporated under the laws of the State of Ohio. Norton became a City in 1969. The City operates under a council/mayor form of government. Legislative power is vested in a seven-member council, including the President, each elected to four-year terms. The Mayor is elected to a four-year term and is the chief executive officer of the City. The Administrator is appointed by the Mayor with Council approval and handles the operational activities of the City's departments. All other City officials are also appointed by the Mayor with Council approval.

Reporting Entity

The reporting entity is comprised of the primary government, component units and other organizations that are included to ensure that the financial statements are not misleading. The primary government consists of all funds, departments, boards and agencies that are not legally separate from the City. For the City of Norton, this includes the departments that provide the following services: police and fire protection, emergency medical, parks and recreation, planning, zoning, street maintenance and repair, refuse collection and general administrative services.

Component units are legally separate organizations for which the City is financially accountable. The City is financially accountable for an organization if the City appoints a voting majority of the organization's governing board and 1) the City is able to significantly influence the programs or services performed or provided by the organization; or 2) the City is legally entitled to or can otherwise access the organization's resources; the City is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the City is obligated for the debt of the organization. Component units may also include organizations for which the City authorizes the issuance of debt or levying of taxes, or determining the budget. The City has no component units.

Note 2 – Summary of Significant Accounting Policies

The financial statements of the City have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to local governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The City also applies Financial Accounting Standards Board (FASB) statements and interpretations issued on or before November 30, 1989, to its governmental activities and to its internal service fund unless those pronouncements conflict with or contradict GASB pronouncements. The most significant of the City's accounting policies are described below.

Basis of Presentation

The City's basic financial statements consist of government-wide statements, including a statement of net assets and a statement of activities, and fund financial statements, which provide a more detailed level of financial information.

Government-wide Financial Statements The statement of net assets and the statement of activities display information about the City as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The activity of the internal service fund is eliminated to avoid "doubling up" revenues and expenses. The statements usually distinguish between those activities of the City that are governmental and those that are considered business-type; the City, however, has no business-type activities.

City of Norton, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2011

The statement of net assets presents the financial condition of the governmental activities of the City at year end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the City's governmental activities. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program and interest earned on grants that is required to be used to support a particular program. Revenues which are not classified as program revenues are presented as general revenues of the City, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental program is self-financing or draws from the general revenues of the City.

Fund Financial Statements During the year, the City segregates transactions related to certain City functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the City at this more detailed level. The focus of the governmental fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. The internal service fund is presented in a single column on the face of the proprietary fund statements. Fiduciary funds are reported by type.

Fund Accounting

The City uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self balancing set of accounts. There are three categories of funds: governmental, proprietary, and fiduciary.

Governmental Fund Governmental funds are those through which most governmental functions are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance. The following are the City's major governmental funds:

General Fund The general fund accounts for and reports all financial resources except those required to be accounted for and reported in another fund. The general fund balance is available to the City for any purpose provided it is expended or transferred according to the charter of the City of Norton and/or the general laws of Ohio.

Street Construction, Maintenance and Repair Special Revenue Fund The street construction, maintenance and repair fund accounts for and reports State gasoline tax and motor vehicle registration fees restricted for maintenance of streets within the City as required by the Ohio Revised Code.

Fire/EMS Levy Special Revenue Fund The fire/EMS levy fund accounts for and reports restricted property taxes for operations and capital purchases of the fire/EMS department. Thirty percent of revenues generated by the levy have been allocated for capital purchases.

City of Norton, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2011

Special Assessment Bond Retirement Debt Service Fund The special assessment bond retirement fund accounts for and reports the collection of special assessments levied against benefited properties restricted for the payment of special assessment bonds and the related interest.

The other governmental funds of the City account for grants and other resources whose use is restricted, committed or assigned to a particular purpose.

Proprietary Funds Proprietary fund reporting focuses on the determination of operating income, changes in net assets, financial position and cash flows. Proprietary funds are classified as either enterprise or internal service. The City has no enterprise funds.

Internal Service Fund The internal service fund accounts for the financing of services provided by one department or agency to other departments or agencies of the City on a cost reimbursement basis. The City's only internal service fund accounts for a self-insurance program for employee medical claims. This fund was closed in 2011, as the City is no longer self-insured.

Fiduciary Funds Fiduciary fund reporting focuses on net assets and changes in net assets. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds and agency funds. Trust funds are used to account for assets held by the City under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the City's own programs. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The City's only fiduciary funds are agency funds. The agency funds are used for performance bonds and builder deposits.

Measurement Focus

Government-wide Financial Statements The government-wide financial statements are prepared using a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of the City are included on the Statement of Net Assets. The Statement of Activities presents increases (i.e. revenues) and decreases (i.e. expenses) in total net assets.

Fund Financial Statements All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statement for governmental funds.

Like the government-wide statements, the internal service fund is accounted for on a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of this fund are included on the statement of net assets. The statement of revenues, expenses and changes in fund net assets presents increases (i.e., revenues) and decreases (i.e., expenses) in net total assets. The statement of cash flows provides information about how the City finances and meets the cash flow needs of its internal service activity.

City of Norton, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2011

Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting; proprietary and fiduciary funds also use the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Differences in the accrual and modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue and in the presentation of expenses versus expenditures.

Revenues – Exchange and Non-exchange Transactions Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the year in which the resources are measurable and become available. Available means that the resources will be collected within the current year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current year. For the City, available means expected to be received within sixty days of year end.

Non-exchange transactions, in which the City receives value without directly giving equal value in return, include income taxes, property taxes, grants, entitlements and donations. On an accrual basis, revenue from income taxes is recognized in the period in which the income is earned. Revenue from property taxes is recognized in the year for which the taxes are levied (See Note 8). Revenue from grants, entitlements and donations is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the City must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the City on a reimbursement basis. On a modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at year end: income tax, State-levied locally shared taxes (including gasoline tax and motor vehicle license fees), interest, fines and forfeitures, grants and fees.

Deferred Revenue Deferred revenue arises when assets are recognized before revenue recognition criteria have been satisfied.

Property taxes for which there is an enforceable legal claim as of December 31, 2011, but which were levied to finance year 2012 operations, have been recorded as deferred revenue. Grants and entitlements received before eligibility requirements are met are also recorded as deferred revenue.

On the governmental fund financial statements, receivables that will not be collected within the available period have also been reported as deferred revenue.

Expenses/Expenditures On the accrual basis of accounting, expenses are recognized when they are incurred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in the governmental funds.

City of Norton, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2011

Budgetary Process

All funds, except agency funds, are legally required to be budgeted and appropriated. The major documents prepared are the tax budget, the certificate of estimated resources, and the appropriations ordinance, all of which are prepared on the budgetary basis of accounting. The tax budget demonstrates a need for existing or increased tax rates. The certificate of estimated resources establishes a limit on the amount Council may appropriate. The appropriations ordinance is Council's authorization to spend resources and sets annual limits on expenditures plus encumbrances at the level of control selected by Council. The legal level of budgetary control has been established by City Council at a personal service and other expenditures within each fund level of control. Budgetary modifications may only be made by ordinance of the City Council at the legal level of control. Authority to further allocate Council appropriations within departments has been given to the Director of Finance.

The certificate of estimated resources may be amended during the year if projected increases or decreases in revenue are identified by the Director of Finance. The amounts reported as the original and final budgeted amounts on the budgetary statements reflect the amounts on the amended certificate of estimated resources in effect at the time original and final appropriations were passed by Council.

The appropriations ordinance is subject to amendment throughout the year with the restriction that appropriations cannot exceed estimated resources. The amounts reported as the original budgeted amounts on the budgetary statements reflect the first appropriations ordinance for that fund that covered the entire year, including amounts automatically carried forward from prior years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by Council during the year.

Cash and Cash Equivalents

To improve cash management, cash received by the City is pooled. Monies for all funds are maintained in this pool. Individual fund integrity is maintained through City records. Interest in the pool is presented as "equity in pooled cash and cash equivalents".

During 2011, investments were limited to a repurchase agreement, which is presented at cost.

Investment procedures are restricted by the provisions of the Ohio Revised Code. Interest revenue is distributed to the general fund, and certain special revenue funds. Interest revenue credited to the general fund during 2011, amounted to \$6,238, which includes \$3,887 assigned from other City funds.

Investments of the cash management pool and investments with an original maturity of three months or less at the time they are purchased by the City are presented on the financial statements as cash equivalents.

Prepaid Items

Payments made to vendors for services that will benefit periods beyond December 31, 2011, are recorded as prepaid items using the consumption method. A current asset for the prepaid amount is recorded at the time of the purchase and an expenditure/expense is reported in the year in which services are consumed.

City of Norton, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2011

Inventory

Inventories are presented at cost on a first-in, first-out basis and are expended/expensed when used. Inventory consists of expendable supplies held for consumption.

Restricted Assets

Assets are reported as restricted when limitations on their use change in nature or normal understanding of the availability of the asset. Such constraints are either externally imposed by creditors, contributors, grantors, or laws of other governments or imposed by law through constitutional provisions or enabling legislation. Restricted assets in the general fund represent money set aside for unclaimed monies.

Capital Assets

All capital assets of the City are classified as general capital assets. They generally result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the government-wide statement of net assets but are not reported in the fund financial statements.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. The City was able to estimate the historical cost for the initial reporting of infrastructure by backtrending (i.e., estimating the current replacement cost of the infrastructure to be capitalized and using an appropriate price-level index to deflate the cost to the acquisition year or estimated acquisition year). Donated capital assets are valued at their fair market values as of the date received. The City maintains a capitalization threshold of \$5,000. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of an asset or materially extend an asset's life are not.

All reported capital assets are depreciated except for land and construction in progress. Improvements are depreciated over the remaining useful lives of the related capital assets. Useful lives for infrastructure were estimated based on the City's historical records of necessary improvements and replacements. Depreciation for governmental capital assets is computed using the straight-line method over the following useful lives:

<u>Description</u>	<u>Estimated Lives</u>
Land Improvements	15 - 30 years
Building and Improvements	75 years
Equipment, Furniture and Fixtures	5 - 30 years
Vehicles	2 - 50 years
Infrastructure	100 years

The City's infrastructure consists of water lines, sanitary sewer lines and roads and includes infrastructure acquired after 2003. The City plans to phase in the prior year amounts in future years.

Interfund Balances

On the fund financial statements, outstanding interfund loans and unpaid amounts for interfund services are reported as "interfund receivables/payables". These amounts are eliminated in the governmental and activities column of the statement of net assets.

City of Norton, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2011

Compensated Absences

Vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable that the City will compensate the employees for the benefits through paid time off or some other means. The City records a liability for accumulated unused vacation time when earned for all employees with more than one year of service.

Sick leave benefits are accrued as a liability using the vesting method. The liability includes the employees who are currently eligible to receive termination benefits and those the City has identified as probable of receiving payment in the future. The amount is based on accumulated sick leave and employees' wage rates at year end, taking into consideration any limits specified in the City's termination policy. The City records a liability for accumulated unused sick leave for employees after ten years of service with the City.

Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds. However, claims and compensated absences that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current year. Bonds are recognized as a liability on the governmental fund financial statements when due.

Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the City is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

Nonspendable The nonspendable fund balance category includes amounts that cannot be spent because they are not in spendable form, or legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash. It also includes the long-term amount of loans receivable, as well as property acquired for resale, unless the use of the proceeds from the collection of those receivables or from the sale of those properties is restricted, committed, or assigned.

Restricted Fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or is imposed by law through constitutional provisions or enabling legislation (City ordinances).

Enabling legislation authorizes the City to assess, levy, charge, or otherwise mandate payment of resources (from external resource providers) and includes a legally enforceable requirement that those resources be used only for the specific purposes stipulated in the legislation. Legal enforceability means that the City can be compelled by an external party-such as citizens, public interest groups, or the judiciary to use resources created by enabling legislation only for the purposes specified by the legislation.

City of Norton, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2011

Committed The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by a formal action (ordinance or resolution) of City Council. Those committed amounts cannot be used for any other purpose unless City Council removes or changes the specified use by taking the same type of action (ordinance or resolution) it employed to previously commit those amounts. In contrast to fund balance that is restricted by enabling legislation, committed fund balance classification may be redeployed for other purposes with appropriate due process. Constraints imposed on the use of committed amounts are imposed by City Council, separate from the authorization to raise the underlying revenue; therefore, compliance with these constraints are not considered to be legally enforceable. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Assigned Amounts in the assigned fund balance classification are intended to be used by the City for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds other than the general fund, assigned fund balance represents the remaining amount that is not restricted or committed. In the general fund, assigned amounts represent intended uses established by City Council or a City official delegated that authority by City Charter or ordinance.

Unassigned Unassigned fund balance is the residual classification for the general fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance.

The City applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary fund. For the City, these revenues are charges for services for self-insurance. Operating expenses are necessary costs incurred to provide the service for the primary activity of the fund. Revenues and expenses not meeting these definitions are reported as nonoperating.

Bond Issuance Costs

Bond issuance costs for underwriting fees and bond insurance for the general obligation bonds are being amortized using the straight-line method over the life of the bonds on the government-wide statements. The straight-line method of amortization is not materially different from the effective-interest method.

As permitted by State statute, the City paid bond issuance costs from the bond proceeds and therefore does not consider that portion of the debt to be capital-related debt. That portion of the debt was offset against the unamortized bond issuance costs, which were included in the determination of unrestricted net assets. Reporting both within the same element of net assets prevents one classification from being overstated while another is understated by the same amount.

City of Norton, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2011

Bond Premiums

On the government-wide financial statements, bond premiums and discounts are deferred and amortized over the term of the bonds using the straight line method. Bond premiums are presented as an increase of the face amount of the general obligation bonds payable. On fund financial statements, bond premiums are reported in the year the bonds are issued.

Internal Activity

Transfers between governmental activities are eliminated on the government wide financial statements. Internal allocations of overhead expenses from one function to another or within the same function are eliminated on the Statement of Activities. Interfund payments for services provided and used are not eliminated.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after non-operating revenues/expenses in the internal service fund. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

Net Assets

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of those assets.

Net assets are reported as restricted when there are limitations imposed on their use either through constitutional provisions or enabling legislation or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. Net assets restricted for other purposes include resources restricted for unclaimed monies, recycling, court computers, and highway planning.

The City applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

Extraordinary and Special Items

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of the City Administration and that are either unusual in nature or infrequent in occurrence.

Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

City of Norton, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2011

Note 3 – Changes in Accounting Principles and Restatement of Net Assets

Change in Accounting Principles

For fiscal year 2011, the City has implemented Governmental Accounting Standard Board (GASB) Statement No. 59, “Financial Instruments Omnibus”. GASB Statement No. 59 addresses significant practice issues that have arisen when accounting for financial instruments and external investment pools. The implementation of this statement did not result in any change in the City’s financial statements.

Restatement of Net Assets

At December 31, 2010, net assets were overstated due to overstated intergovernmental receivables. This overstatement of \$211,596 decreases net assets of governmental activities at December 31, 2010 from \$21,784,985 to \$21,573,389.

Note 4 – Accountability and Compliance

Accountability

The deficit in the special assessment bond retirement fund of \$43,893 was caused by the recognition of expenditures on the modified accrual basis of accounting. The general fund is liable for the deficit in this fund and provides transfers when cash is required, not when accruals occur.

Compliance

Contrary to Ohio Revised Code Section 5705.39, the following funds had original appropriations in excess of certified available resources:

Fund	Original Estimated Resources Plus Beginning Cash	Original Appropriations Plus Encumbrances	Excess
Major Funds:			
General	\$5,985,166	\$6,158,369	(\$173,203)
Special Assessment Bond Retirement	398,970	477,721	(78,751)
Special Revenue Funds:			
State Highway Improvement	55,285	91,000	(35,715)
Water System	421,914	601,453	(179,539)
Debt Service Fund:			
General Obligation Bond Retirement	719,397	896,657	(177,260)
Capital Projects Funds:			
Streets, Highways and Bridges	293,232	578,194	(284,962)
Water and Sewer Improvements	300,325	453,490	(153,165)

City of Norton, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2011

Contrary to Ohio Revised Code Section 5705.39, the following funds had final appropriations in excess of certified available resources:

Fund	Final Estimated Resources Plus Beginning Cash	Final Appropriations Plus Encumbrances	Excess
Major Funds:			
General	\$5,972,794	\$6,225,901	(\$253,107)
Special Assessment Bond Retirement	398,970	477,721	(78,751)
Special Revenue Funds:			
State Highway Improvement	13,285	49,000	(35,715)
DWI Enforcement and Education	18,862	19,696	(834)
Water System	421,914	555,603	(133,689)
Special Permissive License Plate Tax	326,559	419,019	(92,460)
Debt Service Fund:			
General Obligation Bond Retirement	138,458	315,718	(177,260)
Capital Projects Fund:			
Streets, Highways and Bridges	293,232	526,194	(232,962)

Although the budgetary violations were not corrected by year end, management has indicated that appropriations will be closely monitored to prevent future violations.

Note 5 – Budgetary Basis of Accounting

While the City is reporting financial position, results of operations, and changes in fund balance on the basis of generally accepted accounting principles (GAAP basis), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The Statement of Revenues, Expenditures and Changes in Fund Balances - Budget (Non-GAAP Basis) and Actual presented for the general and major special revenue funds is presented on the budgetary basis to provide a meaningful comparison of actual results with the budget.

The major differences between the budget basis and the GAAP basis are as follows:

1. Revenues and other sources are recorded when received in cash (budget) as opposed to when susceptible to accrual (GAAP).
2. Expenditures and other uses are recorded when paid in cash (budget) as opposed to when the liability is incurred (GAAP).
3. Encumbrances are treated as expenditures (budget) rather than restricted, committed or assigned fund balance (GAAP).
4. Advances-In and Out are operating transactions (budget) as opposed to balance sheet transactions (GAAP).

City of Norton, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2011

5. Unrecorded cash represents amounts received but not reported by the City on the operating statements (budget), but which is reported on the GAAP basis operating statements.
6. Budgetary revenues and expenditures of the special permissive, community center, Greenwich Road, recycling, scrap tire and Brentwood water funds are reclassified to the general fund for GAAP reporting.

The following table summarizes the adjustments necessary to reconcile the GAAP basis statements to the budgetary basis statements for the general fund and for the major special revenue funds.

Net Change in Fund Balances

	General	Street Construction, Maintenance and Repair	Fire/EMS Levy
GAAP Basis	\$1,246,907	\$53,692	(\$644,615)
Net Adjustment for Revenue Accruals	(309,280)	5,081	50,000
Advances In	200,000	0	0
Beginning Unrecorded Cash	1,918	0	0
Ending Unrecorded Cash	(1,918)	0	0
Net Adjustment for			
Expenditure Accruals	385,763	(28,246)	(128,918)
Advances Out	(300,000)	0	0
Excess of Revenues and Other Financing Sources and Over (Under) Expenditures and Other Financing Uses:			
Special Permissive	(149,135)	0	0
Community Center	(20,578)	0	0
Greenwich Road	(2,641)	0	0
Scrap Tire	68	0	0
Brentwood Water	1,378	0	0
Encumbrances	(102,714)	(23,057)	(68,751)
Budget Basis	\$949,768	\$7,470	(\$792,284)

Note 6 – Fund Balances

Fund balance is classified as nonspendable, restricted, committed, assigned and/or unassigned based primarily on the extent to which the City is bound to observe constraints imposed upon the use of the resources in the government funds. The constraints placed on fund balance for the major governmental funds and all other governmental funds are presented below:

City of Norton, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2011

Fund Balances	General	Street Construction, Maintenance and Repair	Fire/EMS Levy	Special Assessment Bond Retirement	Other Governmental Funds	Total

Note 7 – Deposits and Investments

The City is a charter City and has adopted an investment policy through City Ordinance. The City has elected to follow the provisions of State statute. State statutes classify monies held by the City into three categories.

Active monies are public monies necessary to meet current demands on the treasury. Such monies must be maintained either as cash in the City treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

City of Norton, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2011

Inactive deposits are public deposits that Council has identified as not required for use within the current five year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts including passbook accounts.

Interim monies held by the City can be deposited or invested in the following securities:

1. United States Treasury bills, bonds, notes, or any other obligation or security issued by the United States Treasury, or any other obligation guaranteed as to principal and interest by the United States;
2. Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality, including, but not limited to, Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. Written repurchase agreements in securities listed above;
4. Bonds and other obligations of the State of Ohio;
5. Time certificates of deposit or savings or deposit accounts including, but not limited to, passbook accounts;
6. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2);
7. The State Treasurer's investment pool (STAROhio); and
8. Certain bankers' acceptances and commercial paper notes for a period not to exceed one hundred eighty days in an amount not to exceed 25 percent of the interim monies available for investment at any one time.

The City may also invest any monies not required to be used for a period of six months or more in the following:

1. Bonds of the State of Ohio;
2. Bonds of any municipal corporation, village, county, township, or other political subdivision of this State, as to which there is no default of principal, interest or coupons; and
3. Obligations of the City.

City of Norton, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2011

Investments in stripped principal or interest obligations, reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. Historically, the City has not purchased these types of investments or issued these types of notes. An investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the City, and must be purchased with the expectation that it will be held to maturity.

Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the treasurer or qualified trustee or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

Deposits

Custodial credit risk for deposits is the risk that in the event of bank failure, the City will not be able to recover deposits or collateral securities that are in the possession of an outside party. At year end, the bank balance was \$3,457,026. Of the bank balance, \$1,644,691 was covered by Federal Depository Insurance (FDIC) and \$1,812,335 was exposed to custodial credit risk because it was uninsured and uncollateralized. Although the collateral securities were held by the pledging financial institutions' trust department and all statutory requirements for the deposit of money had been followed, noncompliance with Federal requirements could potentially subject the City to a successful claim by the FDIC.

The City has no policy for custodial risk beyond the requirements of State statute. Ohio law requires that deposits be either insured or be protected by eligible securities pledged to deposited either with the City or a qualified trustee by the financial institution as security for repayment, or by a collateral pool of eligible securities deposited with a qualified trustee and pledged to secure repayment of all public monies deposited in the financial institution whose fair value at all times shall be at least one hundred five percent of the deposits being secured.

Investments

As of December 31, 2011, the City had an investment in a repurchase agreement with a fair value of \$3,085,000. The underlying securities of the repurchase agreement are Federal National Mortgage Association Bonds and have a maturity of less than thirty days.

Interest Rate Risk. The City has no investment policy that addresses interest rate risk. State statute requires that an investment mature within five years from the date of purchase, unless matched to a specific obligation or debt of the City, and that an investment must be purchased with the expectation that it will be held to maturity. Repurchase agreements are limited to 30 days and the fair value of the securities must exceed the principal value of the agreement by at least 2 percent and be marked to market daily.

Credit Risk. The repurchase agreements were backed by Federal National Mortgage Association Bonds which carry a rating of Aaa by Moody's. The City has no investment policy that addresses credit risk.

Custodial Credit Risk. For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The Federal National Mortgage Association Bonds are exposed to custodial credit risk in that they are uninsured, unregistered, and held by the counterparty. The City has no investment policy dealing with investment custodial risk beyond the requirement in State statute which states that the securities must be delivered into the custody of the Director of Finance or the Director of Finance's agent.

City of Norton, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2011

Concentration of Credit Risk. With the exception of U.S. Treasury securities, federal government agency securities, and authorized pools, no more than 50 percent of the City's total investment portfolio will be invested in a single security type or with a single financial institution. The City's only investment is a repurchase agreement.

Note 8 – Receivables

Receivables at December 31, 2011, consisted primarily of municipal income taxes, property taxes, special assessments, intergovernmental receivables arising from grants, entitlements and shared revenues, interest and accounts receivable.

No allowance for doubtful accounts has been recorded because uncollectible amounts are expected to be insignificant. All receivables, except for special assessments and delinquent property taxes, are expected to be collected within one year. Property taxes, although ultimately collectible, include some portion of delinquencies that will not be collected within one year.

Special assessments expected to be collected in one year amount to \$46,549, with the remaining \$652,498 expected to be collected in more than one year. At December 31, 2011, the amount of delinquent special assessments was \$71,950.

Property Taxes

Property taxes include amounts levied against all real and public utility property located in the City. Property tax revenue received during 2011 for real and public utility property taxes represents collections of 2010 taxes.

2011 real property taxes were levied after October 1, 2011, on the assessed value as of January 1, 2011, the lien date. Assessed values are established by State law at 35 percent of appraised market value. 2011 real property taxes are collected in and intended to finance 2012.

Real property taxes are payable annually or semi-annually. If paid annually, payment is due December 31; if paid semi-annually, the first payment is due December 31, with the remainder payable by June 20. Under certain circumstances, State statute permits later payment dates to be established.

Public utility tangible personal property currently is assessed at varying percentages of true value; public utility real property is assessed at 35 percent of true value. 2011 public utility property taxes which became a lien December 31, 2010, are levied after October 1, 2011, and are collected in 2012 with real property taxes.

The full tax rate for all City operations for the year ended December 31, 2011, was \$9.50 per \$1,000 of assessed value. The assessed values of real and tangible personal property upon which 2011 property tax receipts were based are as follows:

City of Norton, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2011

	Assessed Values
Real Estate	
Residential/Agricultural	\$220,399,790
Other Real Estate	43,550,250
Tangible Personal Property	
Public Utility	5,777,560
Total	\$269,727,600

The County Fiscal Officer collects property taxes on behalf of all taxing districts in the county, including the City. The County Fiscal Officer periodically remits to the City its portion of the taxes collected. Property taxes receivable represents real and public utility property taxes and outstanding delinquencies which were measurable as of December 31, 2011, and for which there was an enforceable legal claim. In the governmental funds, the entire receivable has been deferred since current taxes were not levied to finance 2011 operations and the collection of delinquent taxes during the available period is not subject to reasonable estimation. On the accrual basis, collectible delinquent property taxes have been recorded as revenue while on the modified accrual basis the revenue has been deferred.

Intergovernmental Receivables

A summary of the governmental activities principal items of intergovernmental receivables follows:

	Amounts
Local Government	\$279,913
Gasoline Tax	153,212
Homestead and Rollback	131,109
Cents Per Gallon	77,111
Motor Vehicle License Registration	60,536
Inheritance Tax	51,164
Permissive Motor Vehicle License Tax	47,834
OPWC Grants	8,388
Other Grants	4,238
Miscellaneous	1,416
Public Utility Reimbursement	212
Total	\$815,133

Income Tax

The City levies a municipal income tax of two percent on salaries, wages, commissions and other compensation, and net profits earned within the City as well as incomes of residents earned outside of the City. Residents of the City are granted a credit for taxes paid to other municipalities up to 1.5 percent of income.

Employers within the City are required to withhold income tax on employee compensation and remit the tax to the City either monthly or quarterly. Corporations and other individual taxpayers are required to pay their estimated tax quarterly and file a declaration annually. Income tax proceeds, after income tax department expenditures, are credited to the general fund, general obligation bond retirement debt service fund, and the water and sewer improvement capital projects fund.

City of Norton, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2011

Note 10 - Contingencies

Grants

The City received financial assistance from federal and State agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the general fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the City at December 31, 2011.

Litigation

The City is currently the defendant in a legal action to require arbitration on a personnel matter.

Note 11 – Long-Term Obligations

The original issue date, interest rate, original issuance and maturity dates for each of the City’s bonds and long-term notes follows:

	Original Issue Date	Interest Rate	Original Issue Amount	Date of Maturity

City of Norton, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2011

General obligation Bonds

General obligation bonds are direct obligations of the City for which its full faith and credit are pledged for repayment. General obligation bonds will be paid from taxes and transfers received in the debt service funds.

Various Purpose General Obligation Bond

On September 1, 2010, the City issued \$2,600,000 of general obligation various purpose bonds, series 2010A. The bonds were issued for a period of ten years at an interest rate varying from 2 to 5 percent. The bond issue was comprised of \$755,000 in serial bonds and \$1,845,000 in term bonds. These bonds were issued to pay costs of constructing, furnishing, equipping, and other improvements to a fire station. The bond will be paid over 25 years. The bonds are being retired from the fire/EMS special revenue fund.

The 2010A various purpose general obligation term bonds maturing on December 1, 2030, are subject to optional redemption on and after December 1, 2020, by and at the option of the City, in whole or in part, as selected by the City, on any date, in integral multiples of \$5,000, at 100 percent of the principal amount redeemed, plus interest accrued to the redemption date.

The 2010A various purpose general obligation term bonds maturing on December 1, 2030 and 2035 are subject to mandatory redemption and are to be redeemed pursuant to mandatory sinking fund requirements at a redemption price of 100 percent of the principal amount redeemed, plus interest accrued to the redemption date on December 1 in each of the years and in the principal amounts set forth below:

Year	Issue	
	\$1,080,000	\$765,000
2021	\$85,000	\$0
2022	90,000	0
2023	95,000	0
2024	100,000	0
2025	105,000	0
2026	110,000	0
2027	115,000	0
2028	120,000	0
2029	125,000	0
2031	0	140,000
2032	0	145,000
2033	0	155,000
2034	0	160,000
Total	\$945,000	\$600,000
<i>Stated Maturity</i>	<i>12/1/2030</i>	<i>12/1/2035</i>

The remaining principal amount of the term bonds (\$135,000 and \$165,000) will mature at the stated maturity.

City of Norton, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2011

Special Assessment Bonds

The special assessment bonds will be paid from the proceeds of special assessments levied against benefited property owners. In the event that a property owner would fail to pay the assessment, payment would be made by the City.

Various Purpose Special Assessment Bond

On September 16, 2010, the City issued \$1,290,000 of special assessment various purpose bonds, series 2010B. The bonds were issued for a period of ten years at an interest rate varying from 2 to 5 percent. The bond issue was comprised of \$530,000 in serial bonds and \$760,000 in term bonds. These bonds were issued to pay the property owners' portion, in anticipation of the collection of special assessments and the cost of constructing, grading, curbing and paving Meadows Lane in the City and constructing sanitary sewers, water lines, hydrants, storm sewers, utilities, and the costs of constructing and installing water mains, water lines, hydrants, and other related improvements. The bond will be paid over 20 years. The bonds are being retired from the special assessment bond retirement fund.

The 2010B various purpose special assessment term bonds maturing on and after December 1, 2021, are subject to optional redemption on and after December 1, 2020, by and at the option of the City, in whole or in part, as selected by the City, on any date, in integral multiples of \$5,000, at 100 percent of the principal amount redeemed, plus interest accrued to the redemption date.

The 2010B various purpose special assessment term bonds maturing on December 1, 2026 and 2030 are subject to mandatory redemption and are to be redeemed pursuant to mandatory sinking fund requirements at a redemption price of 100 percent of the principal amount redeemed, plus interest accrued to the redemption date on December 1 in each of the years and in the principal amounts set forth below:

Year	Issue	
	\$415,000	\$345,000
2021	\$60,000	\$0
2022	65,000	0
2023	65,000	0
2024	70,000	0
2025	75,000	0
2027	0	80,000
2028	0	85,000
2029	0	90,000
Total	\$335,000	\$255,000
<i>Stated Maturity</i>	<i>12/1/2026</i>	<i>12/1/2030</i>

The remaining principal amount of the term bonds (\$80,000 and \$90,000) will mature at the stated maturity.

City of Norton, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2011

Various Purpose General Obligation Notes

On August 26, 2010, the City issued \$1,255,000 in bond anticipation notes, \$190,000 in the general fund, \$900,000 in the fire/EMS levy special revenue fund, and \$165,000 in the Gardner Phase III capital projects fund at an interest rate of 1.875 percent. The note was issued in anticipation of the issuance of bonds for the following purposes: to pay the costs of constructing, furnishing, equipping and otherwise improving a fire station; constructing improvements to Greenwich Road; acquiring real property for municipal purposes and in anticipation of the issuance of bonds and the levy and collection of special assessments; and to pay costs of improving Parkway Drive from Gardner Boulevard to North Avenue, Hartzell Drive from Gardner Boulevard to Norton Avenue, Long Drive from Gardner Boulevard to Norton Avenue, and Wilbur Avenue from Gardner Boulevard to Tallwood Drive by constructing and installing a new 8 inch waterline, which will replace 5,100 feet of 2 inch waterline. The note was retired on August 25, 2011.

On October 14, 2010, the City issued \$712,000 in bond anticipation notes, \$380,000 in the general fund and \$332,000 in the water system special revenue fund at an interest rate of 2.55 percent. The note was issued to pay the cost of constructing and installing water lines for the Greenwich Road water extension, Gardner Phase I project, and to pay costs of acquiring real property for municipal purposes. The note matured on August 25, 2011.

On August 24, 2011, the City issued \$1,315,000 in bond anticipation notes, \$510,000 in the general fund, \$400,000 and \$235,000 in the fire/EMS levy and water system special revenue funds respectively, and \$170,000 in the Gardner Phase III capital projects fund, at an interest rate of 2 percent. The notes were issued in anticipation of the issuance of bonds for the following purposes: to pay the costs of constructing, furnishing, equipping and otherwise improving a fire station; constructing and installing water lines on the Greenwich Road Water Extension Phase I project; acquiring real property for municipal purposes and in anticipation of the issuance of bonds and the levy and collection of special assessments; and to pay costs of improving Parkway Drive from Gardner Boulevard to Norton Avenue, Hartzell Drive from Gardner Boulevard to Norton Avenue, Long Drive from Gardner Boulevard to Norton Avenue, and Wilbur Avenue from Gardner Boulevard to Tallwood Drive by constructing and installing a new 8-inch waterline, which will replace 5,100 feet of 2-inch waterline. The note will mature on August 23, 2012.

Compensated absences will be paid from the general fund and the street construction, repair and maintenance, fire, and EMS special revenue funds, which are the funds from which the employees' salaries are paid.

The City's overall debt margin was \$22,279,716 and the unvoted legal debt margin was \$8,793,336 at December 31, 2011.

City of Norton, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2011

On August 24, 2011, the City issued \$130,000 in bond anticipation notes in the general fund and the fire/EMS levy and water system special revenue funds for various capital improvements at an interest rate of 2 percent. The note will mature on August 23, 2012.

Note 13 – Other Employee Benefits

Compensated Absences

The criteria for determining vacation and sick leave benefits are derived from negotiated agreements and State laws. Employees earn two to six weeks of vacation per year, depending upon length of service. All accumulated unused vacation time, up to 2 years, is paid upon termination of employment.

Employees earn sick leave at the rate of 10 hours per month of service. Sick leave accumulation is unlimited, but upon retirement or death, an employee with ten years of service or more is paid accumulated, unused sick leave up to a maximum of 120 days.

Employee Health Insurance

The City provides health insurance through Medical Mutual as a part of the Ohio Plan Healthcare Consortium, Incorporated.

Note 14 – Risk Management

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. Each year the City contracts with insurance companies for various types of insurance. The coverage and deductibles are as follows:

Company	Type of Coverage	Deductible	Coverage
Flickinger Insurance Services	Bond - Mayor	\$0	\$50,000
Ohio Casualty Insurance Company	Bond - Finance Director	0	100,000
	Bond - Administrator	0	50,000
	Bond - Clerk of Mayor's Court	0	75,000
Wichert Insurance Agency	Public Officials Liability	10,000	1,000,000
	Law Enforcement Liability	10,000	1,000,000
	Commercial Property	1,000	7,354,131
	Personal Property	1,000	915,836
	Inland Marine	0 - 25,000	1,848,560
	General Liability	0	1,000,000
	Commercial Crime - Employee Theft Per Loss	500	100,000
	Commercial Crime - Forgery or Alteration	500	5,000
	Automobile Liability	0	1,000,000
	Automobile Uninsured Motorists	0	25,000
Automobile Underinsured Motorists	0	25,000	
Umbrella Liability	0	10,000,000	

City of Norton, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2011

There has not been a significant reduction in coverage from the prior year. Settled claims have not exceeded this commercial coverage in any of the past three years.

The City pays the State Workers' Compensation System a premium based on a rate per \$100 of salaries. This rate is calculated based on accident history and administrative costs.

As of January 1, 2010, the City was no longer self insured. The self insurance fund was being utilized for the transition period to account for any run off claims dated prior to January 1, 2010. At the end of 2011, the remaining balance was transferred to the general fund and the street construction, maintenance and repair, fire/EMS levy, and EMS special revenue funds.

Changes in the internal services funds' claims liability amounts in the last two years follows:

	Balance at Beginning of Year	Current Year Claims	Claim Payments	Balance at End of Year
2010	\$100,036	\$0	\$74,854	\$25,182
2011	25,182	0	25,182	0

Note 15 – Defined Benefit Pension Plans

Ohio Public Employees Retirement System

Plan Description – The City participates in the Ohio Public Employees Retirement System (OPERS). OPERS administers three separate pension plans. The Traditional Pension Plan is a cost-sharing, multiple-employer defined benefit pension plan. The Member-Directed Plan is a defined contribution plan in which the member invests both member and employer contributions (employer contributions vest over five years at 20 percent per year). Under the Member-Directed Plan, members accumulate retirement assets equal to the value of the member and vested employer contributions plus any investment earnings. The Combined Plan is a cost-sharing, multiple-employer defined benefit pension plan. Under the Combined Plan, OPERS invests employer contributions to provide a formula retirement benefit similar in nature to, but less than, the Traditional Pension Plan benefit. Member contributions, the investment of which is self-directed by the members, accumulate retirement assets in a manner similar to the Member-Directed Plan.

OPERS provides retirement, disability, survivor and death benefits, and annual cost-of-living adjustments to members of the Traditional Pension and Combined Plans. Members of the Member-Directed Plan do not qualify for ancillary benefits. Authority to establish and amend benefits is provided by Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report. Interested parties may obtain a copy by visiting <https://www.opers.org/investments/cafr.shtml>, writing to OPERS, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling 614-222-5601 or 800-222-7377.

Funding Policy – The Ohio Revised Code provides statutory authority for member and employer contributions and currently limits the employer contribution to a rate not to exceed 14 percent of covered payroll for state and local employer units and 18.1 percent of covered payroll for law enforcement and public safety employer units. Member contribution rates, as set forth in the Ohio Revised Code, are not to exceed 10 percent of covered payroll for members in State and local divisions and 12 percent for law enforcement and public safety members. For the year ended December 31, 2011, members in state and local divisions contributed 10 percent of covered payroll while public safety and law enforcement members contributed 11 percent and 11.6 percent, respectively. While members in the state and local

City of Norton, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2011

divisions may participate in all three plans, law enforcement and public safety divisions exist only within the Traditional Pension Plan. For 2011, member and employer contribution rates were consistent across all three plans.

The City's 2011 contribution rate was 14 percent, except for those plan members in law enforcement or public safety, for whom the City's contribution was 18.1 percent of covered payroll. The portion of employer contributions used to fund pension benefits is net of post-employment health care benefits. The portion of employer contribution allocated to health care for members in the Traditional Plan was 4 percent for 2011. The portion of employer contributions allocated to health care for members in the Combined Plan was 6.05 percent for 2011. Employer contribution rates are actuarially determined.

The City's required contributions for pension obligations to the Traditional Pension and Combined Plans for the years ended December 31, 2011, 2010, and 2009 were \$154,940, \$168,035, and \$148,031, respectively. For 2011, 79.49 percent has been contributed with the balance being reported as an intergovernmental payable. The full amount has been contributed for 2010 and 2009. Contributions to the Member-Directed Plan for 2011 were \$5,892 made by the City and \$4,192 made by plan members.

Ohio Police and Fire Pension Fund

Plan Description – The City contributes to the Ohio Police and Fire Pension Fund (OP&F), a cost-sharing multiple-employer defined benefit pension plan. OP&F provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefit provisions are established by the Ohio State Legislature and are codified in Chapter 742 of the Ohio Revised Code. OP&F issues a publicly available financial report that includes financial information and required supplementary information for the plan. That report may be obtained by writing to OP&F, 140 East Town Street, Columbus, Ohio 43215-5164.

Funding Policy – The Ohio Revised Code requires plan members to contribute 10 percent of their annual covered salary, while employers are required to contribute 19.5 percent for police officers and 24 percent for firefighters.

The OP&F Pension Fund is authorized by the Ohio Revised Code to allocate a portion of the employer contributions to retiree health care benefits. The portion of employer contributions used to fund pension benefits was 12.75 percent of covered payroll for police officers and 17.25 percent of covered payroll for firefighters. The City's contributions to OP&F for police and firefighters pension were \$118,597 and \$14,029 for the year ended December 31, 2011, \$129,747 and \$25,814 for the year ended December 31, 2010, and \$131,700 and \$23,846 for the year ended December 31, 2009, respectively. For 2011, 65.83 percent for police and 28.10 percent for firefighters has been contributed with the balance for both police and firefighters being reported as an intergovernmental payable. The full amount has been contributed for 2010 and 2009.

Social Security System

As of December 31, 2011, the City's part-time firefighters have elected to be covered by Social Security rather than OPERS. The City's liability is 6.2 percent of wages paid.

City of Norton, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2011

Note 16 – Postemployment Benefits

Ohio Public Employees Retirement System

Plan Description – Ohio Public Employees Retirement System (OPERS) administers three separate pension plans: The Traditional Pension Plan-a cost-sharing, multiple-employer defined benefit pension plan; the Member-Directed Plan-a defined contribution plan; and the Combined Plan-a cost-sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and defined contribution plan.

OPERS maintains a cost-sharing multiple-employer defined benefit post-employment health care plan for qualifying members of both the Traditional Pension and the Combined Plans. Members of the Member-Directed Plan do not qualify for ancillary benefits, including post-employment health care coverage. The plan includes a medical plan, prescription drug program and Medicare Part B premium reimbursement.

In order to qualify for post-employment health care coverage, age-and-service retirees under the Traditional Pension and Combined Plans must have 10 or more years of qualifying Ohio service credit. Health care coverage for disability benefit recipients and qualified survivor benefit recipients is available. The Ohio Revised Code permits, but does not mandate, OPERS to provide health care benefits to its eligible members and beneficiaries. Authority to establish and amend benefits is provided in Chapter 145 of the Ohio Revised Code.

Disclosures for the health care plan are presented separately in the OPERS financial report which may be obtained by visiting <https://www.opers.org/investments/cafr.shtml>, writing to OPERS, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling 614-222-5601 or 800-222-7377.

Funding Policy – The post-employment health care plan was established under, and is administrated in accordance with, Internal Revenue Code 401(h). The Ohio Revised Code provides the statutory authority requiring public employers to fund post-retirement health care through contributions to OPERS. A portion of each employer’s contribution to OPERS is set aside for the funding of post-retirement health care.

Employer contribution rates are expressed as a percentage of the covered payroll of active members. In 2011, state and local employers contributed at a rate of 14 percent of covered payroll, and public safety and law enforcement employers contributed at 18.1 percent. These are the maximum employer contribution rates permitted by the Ohio Revised Code.

Each year, the OPERS Retirement Board determines the portion of the employer contribution rate that will be set aside for funding of post-employment health care benefits. The portion of employer contributions allocated to health care for members in the Traditional Plan was 4.0 percent for 2011. The portion of employer contributions allocated to health care for members in the Combined Plan was 6.05 percent for 2011.

The OPERS Retirement Board is also authorized to establish rules for the payment of a portion of the health care benefits provided, by the retiree or their surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and the coverage selected. Active members do not make contributions to the post-employment health care plan.

City of Norton, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2011

The City's contributions allocated to fund post-employment health care benefits to the Traditional and Combined Plans for the years ended December 31, 2011, 2010, and 2009 were \$61,976, \$95,796, and \$108,091, respectively. For 2011, 79.49 percent has been contributed with the balance being reported as an intergovernmental payable. The full amount has been contributed for 2010 and 2009.

The Health Care Preservation Plan (HCPP) adopted by the OPERS Retirement Board on September 9, 2004, was effective January 1, 2007. Member and employer contribution rates increased on January 1 of each year from 2006 to 2008. Rates for law enforcement and public safety employers increased over a six year period beginning on January 1, 2006, with a final rate increase on January 1, 2011. These rate increases allowed additional funds to be allocated to the health care plan.

Police and Firemen's Disability and Pension Fund

Plan Description – The City contributes to the Ohio Police and Fire Pension Fund (OP&F) sponsored health care program, a cost-sharing multiple-employer defined post-employment health care plan administered by OP&F. OP&F provides health care benefits including coverage for medical, prescription drugs, dental, vision, Medicare Part B Premium and long-term care to retirees, qualifying benefit recipients and their eligible dependents.

OP&F provides access to post-retirement health care coverage for any person who receives or is eligible to receive a monthly service, disability, or survivor benefit check or is a spouse or eligible dependent child of such person. The health care coverage provided by OP&F meets the definition of an Other Post-Employment Benefit (OPEB) as described in GASB Statement No. 45.

The Ohio Revised Code allows, but does not mandate OP&F to provide OPEB benefits. Authority for the OP&F Board of Trustees to provide health care coverage to eligible participants and to establish and amend benefits is codified in Chapter 742 of the Ohio Revised Code.

OP&F issues a publicly available financial report that includes financial information and required supplementary information for the plan. That report may be obtained by writing to OP&F, 140 East Town Street, Columbus, Ohio 43215-5164.

Funding Policy – The Ohio Revised Code provides for contribution requirements of the participating employers and of plan members to the OP&F defined benefit pension plan. Participating employers are required by Ohio Revised Code to contribute to the pension plan at rates expressed as percentages of the payroll of active pension plan members, currently, 19.5 percent and 24 percent of covered payroll for police and fire employers, respectively. Active members do not make contributions to the OPEB Plan.

OP&F maintains funds for health care in two separate accounts. One for health care benefits under an IRS Code Section 115 trust and one for Medicare Part B reimbursements administrated as an Internal Revenue Code 401(h) account, both of which are within the defined benefit pension plan, under the authority granted by the Ohio Revised Code to the OP&F Board of Trustees.

The Board of Trustees is authorized to allocate a portion of the total employer contributions made into the pension plan to the Section 115 trust and the Section 401(h) account as the employer contribution for retiree health care benefits. For the year ended December 31, 2011, the employer contribution allocated to the health care plan was 6.75 percent of covered payroll. The amount of employer contributions allocated to the health care plan each year is subject to the Trustees' primary responsibility to ensure that pension benefits are adequately funded and is limited by the provisions of Sections 115 and 401(h).

City of Norton, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2011

The OP&F Board of Trustees also is authorized to establish requirements for contributions to the health care plan by retirees and their eligible dependents, or their surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and the coverage selected.

The City's contributions to OP&F which were allocated to fund post-employment health care benefits for police and firefighters were \$62,786 and \$5,490 for the year ended December 31, 2011, \$68,690 and \$10,101 for the year ended December 31, 2010, and \$69,724 and \$9,331 for the year ended December 31, 2009. For 2011, 65.83 percent has been contributed for police and 28.10 percent has been contributed for firefighters with the balance for both police and firefighters being reported as an intergovernmental payable. The full amount has been contributed for 2010 and 2009.

Note 17 – Joint Economic Development Zones

In an effort to promote regional growth and economic development, the City has entered into a contract with the City of Barberton to create Joint Economic Development Zones (JEDZ). The JEDZ are all located within Norton City limits. The agreement became effective on April 30, 1996. Per the agreement, the City pays Barberton 40 percent of income tax withholdings (based on the 1.5 percent rate) collected from the businesses located within the JEDZ. In exchange, the City of Barberton provides water and sanitary sewer service to the businesses in the JEDZ.

Note 18 – Interfund Transfers and Balances

Transfers

Interfund transfers for the year ended December 31, 2011, consisted of the following:

Transfer To	Transfer From				Total
	General	Fire/EMS Levy	Other Governmental Funds	Internal Service Fund	
General	\$0	\$0	\$0	\$92,836	\$92,836
Street Construction, Maintenance and Repair	351,339	0	40,939	35,544	427,822
Fire/EMS Levy	0	0	0	11,215	11,215
Special Assessment Bond Retirement	0	0	257,797	0	257,797
Other Governmental Funds	0	176,485	33,618	11,215	221,318
Total	\$351,339	\$176,485	\$332,354	\$150,810	\$1,010,988

Transfers from the general fund are used to move unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations, to provide additional resources for current operations, to pay debt, and to segregate money for anticipated capital projects. A transfer of \$176,485 was also made out of the fire/EMS levy fund to the general obligation bond retirement fund in order to cover the interest payment on the bond related to the new fire station. The City closed out several funds in 2011 which resulted in transfers from several capital projects funds and the internal service fund to the general fund.

City of Norton, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2011

Balances

At December 31, 2011, the general fund had an interfund receivable of \$300,000. This balance was made to support programs and projects in the special assessment bond retirement debt service fund pending the receipt of special assessments that will be used to repay the loans. This is expected to be paid within one year.

Note 19 – Subsequent Events

On August 19, 2012, the City issued new bonds, in the amount of \$2,895,000, for the purpose of advance refunding the callable portion of the 2003 bonds and to finance three special assessment projects. These bonds carry an interest rate of 2.74 percent and have a maturity date of December 1, 2032.

On August 22, 2012, the City issued new various purpose improvement notes, in the amount of \$1,315,000, in the anticipation of issuing bonds to pay for the construction and acquisition costs relating to the fire station and various water lines and road improvement projects. These notes carry an interest rate of 1.5 percent and have a maturity date of August 22, 2013.

Combining and Individual Fund Statements and Schedules

Fund Descriptions – Nonmajor Governmental Funds

Nonmajor Special Revenue Funds

Special revenue funds are used to account for and report the proceeds of specific revenue sources that are restricted, assigned or committed to expenditures for specified purposes other than debt service or capital projects.

State Highway Improvement Fund To account for and report that portion of the State gasoline tax and motor vehicle registration fees restricted for maintenance and repair of dedicated streets.

Fire Fund To account for and report revenues received from real and personal property taxes. Expenditures are restricted for fire department operations and fire pension.

Emergency Medical Services Fund To account for and report revenues received from real and personal property taxes and EMS billings. Expenditures are restricted for EMS operations and EMS pension.

DARE Program Fund To account for and report revenues received from DARE activities. Expenditures are restricted for DARE activities.

Drug Law Enforcement Fund To account for and report proceeds received from mandatory drug fines restricted for law enforcement purposes.

Law Enforcement Fund To account for and report proceeds received from the sale of property confiscated/forfeited during criminal related arrests. Expenditures are restricted for law enforcement purposes.

Law Enforcement Assistance Fund To account for and report revenues and expenditures restricted for the Law Enforcement Assistance program.

DWI Enforcement and Education Fund To account for and report financial resources restricted to educate and treat persons with alcohol related problems and to enhance law enforcement activities as a deterrent to the operation of motor vehicles while under the influence of alcohol.

Cemetery Fund To provide for and report the deposit of funds received from the sale of cemetery lots and the disbursement of said funds thereon committed to the perpetual care of the cemetery.

Police and Fire Disability and Pension Fund To account for and report restricted property taxes levied for the partial payment of the current and accrued liability for police and fire disability and pension. Amounts collected for the police and fire disability and pension are periodically remitted to the State operated Police and Fire Disability and Pension Fund.

Mayor's Court Fund To account for and report fines and forfeitures restricted to computerize the Court and the Clerk of Court and to make computerized legal research available to the Court.

Water System Fund To account for and report charges for services revenue restricted for water line maintenance fees.

(continued)

Fund Descriptions – Nonmajor Governmental Funds (continued)

Sanitary Sewer Fund To account for and report charges for services revenue restricted for sewer line maintenance fees.

Special Permissive License Plate Tax Fund To account for and report assigned revenues received from license plates. Expenditures may only be used for street construction, maintenance and repair. This fund is included with the general fund for GAAP reporting as it does not have a restricted or committed revenue source.

Community Center Fund To account for and report revenue assigned from rental fees which provides for the furnishings and upkeep of the Community Center building supplemented by the general fund. This fund is included with the general fund for GAAP reporting as it does not have a restricted or committed revenue source.

Greenwich Road Fund To provide for and report the collection of rent and future payments for repairs and expenses assigned for the rental of the property supplemented by the general fund. This fund is included with the general fund for GAAP reporting as it does not have a restricted or committed revenue source.

Recycling Fund To account for and report grant revenue restricted to the recycling of solid waste within the City. This fund is included with the general fund for GAAP reporting as it does not have a restricted or committed revenue source.

Scrap Tire Fund To account for and report various assigned revenues to provide for a scrap tire management and recovery program. This fund is included with the general fund for GAAP reporting as it does not have a restricted or committed revenue source.

Brentwood Water Fund To account for and report water line maintenance fees committed for water lines in the Brentwood area. This fund is included with the general fund for GAAP reporting as it does not have a restricted or committed revenue source.

Nonmajor Debt Service Fund

The debt service fund is used to account for and report financial resources that are restricted to expenditures for principal and interest.

General Obligation Bond Retirement Fund To account for and report restricted monies for the payment of interest and principal on general obligation bonds.

Nonmajor Capital Projects Funds

Capital projects funds are used to account for and report financial resources that are restricted, committed or assigned to expenditures for capital outlays, including the acquisition or construction of capital facilities and other capital assets.

The Meadows at Johnson Fund To account for and report bond proceeds and special assessments restricted for the construction of roads in the Meadows at Johnson area.

Land and Land Improvements Fund To account for and report charges for services revenues and expenditures assigned for the acquisition of land and major land improvements.

Buildings Fund To account for and report various revenues and expenditures assigned for constructing new operations and storage areas.

(continued)

Fund Descriptions – Nonmajor Governmental Funds (continued)

Equipment Fund To account for and report various revenues and expenditures assigned for major capital improvements in all departments.

Streets, Highways and Bridges Fund To account for and report grant revenues restricted for the maintaining of City streets and highways within City limits.

Storm Sewers Fund To account for and report various revenues and expenditures assigned for the construction and acquisition of capital storm sewer projects.

Waterlines Fund To account for and report various revenues and expenditures assigned for the construction and maintenance of waterlines.

Sanitary Sewers Fund To account for and report charges for services revenues and expenditures assigned for the construction and acquisition of capital sanitary sewer projects.

Connect Road Fund To account for and report grants and bond proceeds restricted for a connecting road.

Gardner Phase I Fund To account for and report charges for services revenues and expenses assigned for water line construction.

Gardner Phase II Fund To account for and report bond proceeds and expenses restricted for water line construction.

Gardner Phase III Fund To account for and report grants and expenses restricted for water line construction.

Wadsworth Berry McGowan Fund To account for and report bond proceeds and expenditures restricted for water line construction.

Cleveland-Massillon Road Waterline Fund To account for and report debt proceeds and grant revenues restricted for expenditures for water line construction.

Newpark Drive Reconstruction Fund To account for and report debt proceeds restricted for expenditures relating to the reconstruction of Newpark Drive.

Water and Sewer Improvements Fund To account for and report committed income tax revenues generated from a reduction in the credit for income tax paid to other municipalities.

Fund Descriptions - Fiduciary Funds

Fiduciary funds are used to account for assets held by the City in a trustee capacity or as an agent for individuals, private organizations and/or other governments. The following is the City's fiduciary fund type:

Agency Funds

These funds are purely custodial (assets equal liabilities) and thus do not involve the measurement of results of operations.

General Agency Fund To hold funds received from a contractor, developer or individual to insure compliance with the ordinances of the City.

Building Standards Fund To account for building deposits and reimbursements for those deposits when projects are complete.

COMPREHENSIVE ANNUAL FINANCIAL REPORT

Statistical

Section

2011

Statistical Section

This part of the City of Norton, Ohio's Comprehensive Annual Financial Report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City's overall financial health.

<u>Contents</u>	<u>Page(s)</u>
Financial Trends	S2-S11
These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.	
Revenue Capacity	S12-S20
These schedules contain information to help the reader assess the City's most significant local revenue sources, the property tax and the municipal income tax.	
Debt Capacity	S21-S25
These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.	
Economic and Demographic Information	S26-S28
These schedules offer economic and demographic indicators to help the reader understand the environment within which the City's financial activities take place.	
Operating Information	S30-S37
These schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the City provides and the activities it performs.	

Sources: Unless otherwise noted, the information in these schedules is derived from the Comprehensive Annual Financial Reports for the relevant year. The City implemented GASB Statement 34 in 2004; schedules presenting government-wide information include information beginning in that year.

Real property is reappraised every six years with a State mandated update of the current market value in the third year following each reappraisal.

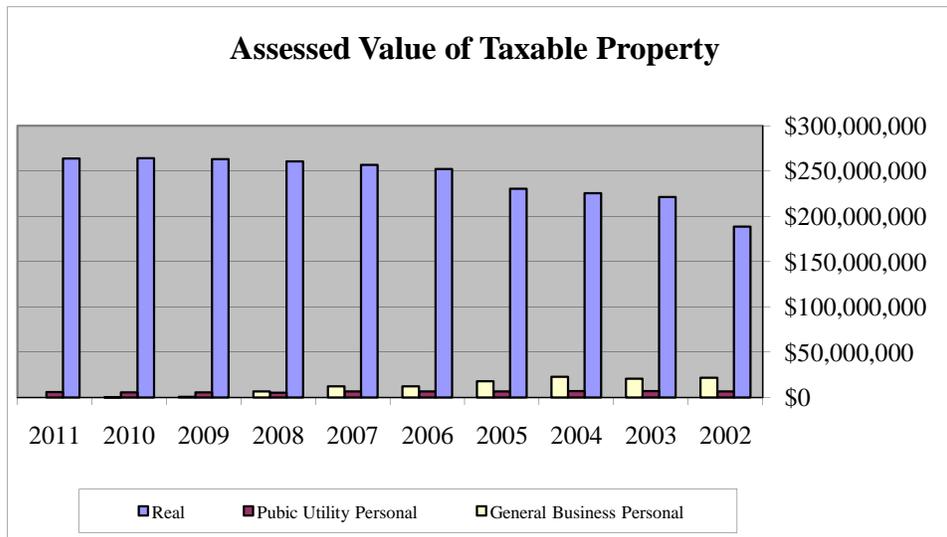

The assessed value of real property (including public utility real property) is 35 percent of estimated true value. The assessed value of public utility personal property ranges from 25 percent of true value for railroad property to 88 percent for electric transmission and distribution property. General business tangible personal property was assessed in previous years at 25 percent for machinery and equipment and 23 percent for inventories. General business tangible personal property tax was phased out beginning in 2006. Both types of general business tangible personal property were assessed at 12.5 percent for 2007, 6.25 percent for 2008 and zero for 2009. Beginning in 2007, House Bill 66 switched telephone companies from being public utilities to general business taxpayers and began a four year phase out of the tangible personal property tax on local and inter-exchange telephone companies. No tangible personal property taxes were levied or collected in 2009 from general business taxpayers (except telephone companies whose last year to pay tangible personal property tax is 2010).

The tangible personal property values associated with each year are the values that, when multiplied by the applicable rates, generated the property tax revenue billed in that year. For real property, the amounts generated by multiplying the assessed values by the applicable rates would be reduced by the 10%, 2 1/2% and homestead exemptions before being billed. The 10% rollback for commercial/industrial property was eliminated in 2006.

Source: County Fiscal Officer

Notes: The rates presented for a particular calendar year are the rates that, when applied to the assessed values presented in the Assessed Value Table, generated the property tax revenue billed in that year. The City's basic property tax rate may be increased only by a majority vote of the City's residents. Real property tax rates are reduced so that inflationary increases in value do not generate additional taxes. Overlapping rates are those of local and county governments that apply to property owners within the City.
