

**NORTON CITY COUNCIL
REGULAR COUNCIL MEETING
MONDAY, SEPTEMBER 10, 2012**

Roll Call: Dennis McGlone
Charlotte Whipkey
Scott Pelot
Bill Mowery
Todd Bergstrom
Don Nicolard

Also Present:
Mayor Mike Zita
Rick Ryland-Excused
Laura Starosta
John Moss
Pete Kostoff-Excused
Justin Markey-Attorney Roetzel & Address
Karla Richards
Ann Campbell

The Regular Council Meeting convened on Monday, September 10, 2012 at 7:01 PM, in the Council Chambers of the Safety Administration Building. The meeting was called to order by Don Nicolard, President of Council, followed by the Pledge of Allegiance and a moment of silent reflection.

COMMITTEE OF THE WHOLE:

Mr. Nicolard called for nominations for the Council Ward 4 Vacancy position. Mr. McGlone asked about a deadlock, and questioned if we would be able to nominate another to avoid another deadlock vote? Mr. Nicolard stated that is up to Council. Ms. Whipkey stated most residents sent numerous emails as to their choice of their candidate and in particular from Ward 4 residents. Ms. Whipkey noted that we also have a Charter amendment regarding the vacancy appointments, stating they want the right to vote and Ms. Whipkey stated that all of them stated they wanted Paul Tousley. It is Councils job to seriously consider their input. Mr. Bergstrom stated that is important as well as the person being replaced for his thought process and philosophy on how to move the City forward. Mr. Mowery stated the people have said who they wanted to represent them. This should be a vote for the residents of Ward 4 not for the administration. Mr. Pelot questioned the Clerk of Council on how many registered voters are in Ward 4, and Mrs. Richards replied a little under 2,000 and we have five (5) applicants submitted. Mr. Pelot stated this appointment represents the entire ward, and although he has received emails and calls, the are a small handful and that does not make up the whole ward. We need to take into account those that have been active in the City in the past and the history on how they voted. Some of those that donate their time to serve the City in the past and is important to look at this as well. Ms. Whipkey stated we want to look at how Mr. Braman was elected which was a democrat, which we no longer do, and if we have an election today, she was not sure that would be the case. Mr. Nicolard reminded all that we are bound by the Charter and tonight is the night, if we fail to do this tonight and it would fall to the Mayor to appoint. Mr. Nicolard opened the floor for nominations, and Ms. Whipkey nominated Mr. Tousley, and Mr. McGlone nominated Mr. Conklin. After no further nominations Mr. Nicolard closed the floor for nominations. Mr. Nicolard explained again this is a voice vote and when you are called state your choice of candidate. Mrs. Richards called the roll for candidates as follows:

Ms. Whipkey voted for Mr. Tousley
Mr. McGlone voted for Mr. Conklin
Mr. Pelot voted for Mr. Conklin
Mr. Mowery voted for Mr. Tousley
Mr. Bergstrom voted for Mr. Conklin
Mr. Nicolard voted for Mr. Conklin

Mr. Conklin won the election with 4 total yea votes; Mr. Tousley received 2 yea votes. Mr. Nicolard called for a brief recess in order to swear Mr. Conklin into office. After several outbursts and talking among themselves, Mr. Nicolard admonished the residents to maintain decorum or he would have the residents escorted from Council Chambers by an officer. It was suggested that this required a vote of Council. Mr. Markey cited Rule 2.06, which states “*Any person who, during any gathering which constitutes a formal meeting by Council, threatens a Council Member or any citizen of this municipality or threatens damage to property within this municipality, may be charged with violation of Section 648.05 of the Codified Ordinances of the City of Norton, and may be ordered removed by a majority vote of Council or by the President of Council. Removal from the Council Chambers shall be done by a member of the City of Norton Police Department*”. Mr. Nicolard stated he is the President of Council and has that right. Mr. Mowery urged Mr. Nicolard to please consider voting on removing anyone, which Mr. Nicolard replied no.

Mr. Conklin stated he knows this position was filled with controversy however he will do what he is required to do. There will be times when he will not go agree with Mayor Zita or Council. Mr. Conklin noted that while in this position it will be clear to all that you will know exactly where he stands on all issues.

CONSIDERATION OF THE MINUTES:

Minutes of the Committee Work Session of July 2, 2012, were approved as submitted
Minutes of the Regular Council Meeting of July 9, 2012, were approved as submitted
Minutes of the Special Council Meeting of July 11, 2012 were approved as submitted
Minutes of the Special Council Meeting of July 30, 2012 were approved as submitted
Minutes of the Committee Work Session of August 20, 2012, were approved as submitted
Minutes of the Regular Council Meeting of August 28, 2012, were approved as submitted

Mr. Nicolard temporarily recessed the Regular Council Meeting at 7:17 PM in order to convene the Public Hearing:

PUBLIC HEARING AT 7:15 PM

ORD #60-2012 AN ORDINANCE REZONING PROPERTY LOCATED AT 4331 CLEVELAND-MASSILLON ROAD, FROM AN R-1DISTRICT TO A B-3 DISTRICT, AND DECLARING AN EMERGENCY.

Mr. Nicolard asked the Clerk to certify the public notice. Mrs. Richards certified that a notice of this public hearing was published in the Barberton Herald on August 30, 2012 and notices were mailed to the contiguous property owners on that same date. Mr. Nicolard called three (3) times for anyone in favor of this rezoning to come forward, adding that the applicant has the right to speak first. Mr. Fred Lindquist, the applicant circulated pictures of the property in question. Mr. Lindquist explained the history and background on this location as to the uses.

Mr. Lindquist is requesting a use that he could do something with as this, and it has been used as a business, it's not a home. Mr. Gene Ellis, 3723 Trotter Road, Norton, Ohio, stated he wished he had pictures to offer of the businesses that have been there the last 10 years or so, but he did not. Mr. Ellis stated he hopes Council does not approve this. This neighborhood is a nice quiet residential area, and this building exists on a residential lot. Somewhere this got approved back in the 70's and it should not have been. We do not want another machine shop in there, or anywhere else.

Mr. Nicolard called three (3) times for anyone against this rezoning to come forward. Mr. Alan Morrison 3212 Trotter Road, Norton, Ohio, stated that he lives two (2) doors down from this location. Mr. Morrison has concerns with what comes into this location. If it goes to B-3 or an Industrial classification, the office faces on Trotter Road, not on Cleveland-Massillon Road. Mr. Morrison stated that the previous wood shop had noisy fans going as late as 10:00 PM. Mr. Richard Carr, corner of Trotter and Cleveland-Massillon, stated that he has concerns with parking that is lacking here. An automotive repair facility would not be good for this location.

Mr. Mowery asked the applicant if he lives in Norton, and Mr. Lindquist replied no, he lives on Taylor Road. Mr. Mowery stated the last use of this property has created havoc on these residents. Mr. Lindquist indicated he would have lease restrictions that the tenant must take care of the outside. Mr. Lindquist admitted he did not do the best with controlling the tenants in the past and this would not be the case from now on. Mr. Pelot asked what types of business he is trying to attract. Mr. Lindquist stated he has been looking for the same type of tenants, as this building is set up for that, it would be for someone that needs a warehouse space. Ms. Whipkey asked if he can rent the building out or has he considered selling? Mr. Lindquist stated this has been listed for sale for two (2) years, and has not had much interest due to the zoning issue.

At 7:26 Mr. Nicolard closed the Public Hearing and reconvened the Regular Council Meeting.

REPORTS FROM OFFICERS, BOARDS AND COMMISSIONS

Mayor Zita thanked all of the applicants that submitted interest in the Ward 4 vacancy seat, and Council for taking action and electing Mr. Conklin.

INTRODUCTION OF NEW LEGISLATION

None

INTRODUCTION OF PRIOR LEGISLATION

ORD #60-2012

Mr. McGlone offered Ord. #60-2012 for its third reading and asked the Clerk to read it:

AN ORDINANCE REZONING PROPERTY LOCATED AT 4331 CLEVELAND-MASSILLON ROAD, FROM AN R-1 DISTRICT TO A B-3 DISTRICT, AND DECLARING AN EMERGENCY.

Mr. McGlone moved to adopt Ord. #60-2012, seconded by Mr. Pelot. Mr. Pelot asked Mr. Moss if everyone has a copy of the same map he was provided, and Mr. Moss replied no. Mr. Pelot circulated a map, which shows the adjacent properties to this location. Mr. Moss discussed the need to fill empty commercial buildings and the location of residential units so close by. The ideal option is to put zoning properly in the area.

Mr. Moss stated that Cleveland-Massillon Road is more of a business corridor, while Trotter is all residential street. Mr. Bergstrom inquired about a buffer of trees or something, and Mr. Moss replied there is some, not sure who actually owns the trees. Ms. Whipkey stated she understands a B3 opens up the options where it would be more invasive than a B1 or B2. Mr. Moss stated it would not be any more invasive than the past use. Mr. Moss discussed the evolution of each use of this building, and that this is an unconditional use now. Ms. Whipkey stated that since this building is empty, that zoning is all null and void now. Mr. Moss stated he was not sure what the time limit is here. Mr. Mowery stated he would like to put the burden on the building, not the residents. Mr. Bergstrom discussed the idea of having the property owner put something in place to protect the residents before the rezoning takes effect. Mr. Moss replied that is a good idea, and with a new plot map that would be required. Mr. Moss stated that now he was not sure this is feasible. Mr. Bergstrom discussed the prior suggestion of B-2. Mr. Moss recalled the applicant did not ask for, nor does he want a B-2. Mr. Moss stated the B-1, B-2 and B-3 zoning all have different uses for the structures. Mr. Nicolard asked about the zoning plan D. B. Hart is preparing and Mr. Moss stated he has seen preliminary works but that is all at this point. Mr. Conklin stated he voted no on the Planning Commission when they considered it. Mr. Conklin stated both sides of the issue have merit and it is a tough call. Mr. Conklin reminded everyone there are other possibilities with B3 that would adversely affect the neighborhood. In the same respect he hates to see an empty commercial building as an eyesore. Ms. Whipkey discussed the proposed rezoning on Gardner Blvd. to use as an automotive repair facility and Council turned that one down. Mr. Nicolard stated this is like a coin toss, and suggested Council withdraw their motions and send it to the Planning Committee of Council. Mayor Zita cautioned about the widening of Cleveland-Massillon, which will affect this parcel. Mr. Pelot discussed having a buffer between these homes. Mr. McGlone and Mr. Pelot both withdrew their motions.

RES #63-2012

Mr. Mowery offered Res. #63-2012 for its third reading and asked the Clerk to read it:

A RESOLUTION OF APPRECIATION FOR THE SERVICE OF RICHARD EASTERLING AS A MEMBER OF THE PLANNING COMMISSION OF THE CITY OF NORTON.

Mr. Mowery moved to adopt Res. #63-2012, seconded by Ms. Whipkey.

Roll Call: Yeas: Mowery, Conklin, McGlone, Whipkey, Pelot, Conklin, Bergstrom, Nicolard

Nays: None

Motion passed 7-0. Mr. Pelot thanked Mr. Easterling for his service to the Planning Commission.

ORD #65-2012

Mr. Pelot offered Ord. #65-2012 for its third reading and asked the Clerk to read it:

A RESOLUTION DETERMINING CERTAIN EXISTING LEVIES TO BE UNNECESSARY AND SHOULD BE TERMINATED UPON THE CERTIFICATION BY THE SUMMIT COUNTY BOARD OF ELECTIONS OF THE APPROVAL BY THE ELECTORS OF THE

CITY OF A 4.6 MILL LEVY FOR PURPOSES SET FORTH IN SECTION 5705.19(I) OF THE REVISED CODE, AND DECLARING AN EMERGENCY.

Mr. Pelot moved to adopt Ord. #65-2012, seconded by Mr. Nicolard. Mr. Pelot stated this is to put the residents at ease knowing that that if they approve this current levy all of the old ones will be terminated.

Roll Call: Yeas: Pelot, Whipkey, McGlone, Conklin, Mowery, Bergstrom, Nicolard.
Nays: None

Motion passed 7-0.

RES #71-2012

Mr. Mowery offered Res. #71-2012 for its third reading and asked the Clerk to read it:

A RESOLUTION OF APPRECIATION FOR THE SERVICE OF KEN BRAMAN AS NORTON CITY COUNCIL WARD 4 MEMBER.

Mr. Mowery moved to adopt Res. #71-2012, seconded by Ms. Whipkey. Pelot thanked Mr. Braman for serving and considered him a friend and enjoyed talking with him, his views and knowledge of the City throughout the years. Mr. Nicolard echoed Mr. Pelot's comments, adding that he would miss him greatly and wished him the very best. Mr. Conklin thanked Mr. Braman for serving and we did serve together on the Planning Commission and his thoughts and leadership was appreciated.

Roll Call: Yeas: Mowery, Conklin, McGlone, Whipkey, Pelot, Bergstrom, Nicolard
Nays: None

Motion passed 7-0.

UNFINISHED BUSINESS:

ADDED DURING COMMITTEE OF THE WHOLE

RES #74-2012:

Mr. Mowery offered Res. #74-2012 for its first reading and asked the Clerk to read it:

A RESOLUTION CONFIRMING THE APPOINTMENT OF JOHN CONKLIN TO AN UNEXPIRED TERM AS THE WARD 4 COUNCILPERSON OF THE CITY OF NORTON, AND DECLARING AN EMERGENCY.

Mr. Mowery moved to waive the second and third readings, seconded by Mr. Bergstrom.

Roll Call: Yeas: Bergstrom, McGlone, Pelot, Nicolard
Nays: Mowery, Whipkey
Abstain: Conklin

Motion carried 4-2-1. (An abstention vote counted with the majority vote)

Mr. Mowery moved to adopt Res. #74-2012, seconded by Ms. Whipkey.

Roll Call: Yeas: Bergstrom, McGlone Pelot, Nicolard
Nays: Mowery, Whipkey
Abstain: Conklin

Motion carried 4-2-1. (An abstention vote is counted with the majority vote).

Unfinished Business:

Mr. Mowery stated that he has an outline or diagram of a road program from the residents of Brentwood Estates that he will be giving this to Council. The Administration has already looked this over and he would be addressing this at the next work session to discuss their ideas for what they want done. There are no assessments on this; it is through the City. Mr. Bergstrom discussed the status of the current road program. Mr. Moss indicated that we have some issues with roads that were done last year. We found it has to do with the quality of the materials in use. Before we move forward this year we want to be sure that we are getting quality materials. We did some testing and actually pulled materials from the roadways and sent it out to testing labs. We found that what the contractor is getting for materials is not what we want to apply. The decision was to not move forward on the roads due to that problem. It is too late to start all over for this year with new bid documents. Mayor Zita stated the crack seal bids came back twenty (20) percent higher than the Engineers estimate and that has to be rebid as well. Mayor Zita suggested we start now for next year's program with the proper materials desired and by the first of the year we would be set and ready to go. Mayor Zita commented about Mr. McGlone's earlier interest to work with Summit County, and this year we were not ready or prepared for their deadline. Mayor Zita stated the goal is to get this ready in time so we can work with Summit County's bidding process. Mr. Bergstrom stated he was disappointed that this happened, thought we were going to at least maintain what we have. Mr. Bergstrom stated that it's no wonder the costs are so high because we waited so late to get this rolling. Mr. Pelot asked why the bids were twenty (20) percent higher and Mr. Moss replied he thought it was because of market changes to petroleum costs, but he was not positive. Mr. Pelot wanted to be sure next year we don't allow that to happen again. There was further discussion on this issue and it was decided to dedicate the October 1, 2012 Committee Work Session to the topics of the road program and the Brentwood Estates petition for road improvements, and dedicate up to the first hour to these two topics. Mr. Mowery asked about a time line to clean up the gravel on the roads in Brentwood and Mayor Zita replied there is no set time. Originally we were looking into applying the seal/overlay/fogging process and he was told there is a minimum of two weeks before we could apply. Mayor Zita stated he would look into that. Mayor Zita stated what we did this year was to try and correct what was done improperly last year. We planned on having the fogging done soon. There were costs involved of approximately \$10,000.00 for the fogging process and Mr. Pelot suggested we just pull the trigger and just get it done. Mr. Conklin asked if we are expecting the current fix to the roads to fail and Mr. Moss replied he was not sure, he is not an engineer. Mr. Pelot suggested having the contractor get out here and inspect the roads and tell us if it is good or not. Mr. Moss stated that it may have already taken place and with Mr. Ryland absent, he could not confirm this one way or another. Mr. Conklin added its already the second week of September, so we don't have much time to do it. Mr. Pelot suggested if Council does not disagree and the Administration finds out that this fogging will work, then we should just do it.

Ms. Whipkey discussed having a vote on Rule 111 since we have a balance of seven (7) members, and asked to address this now. Mr. Nicolard asked Mrs. Richards to read Council Rule 111, which states *“The Clerk of Council shall put the agenda together with the supervision of the Council President. Any member of Council may have an item placed on the agenda”*. Mr. Nicolard asked how Ms. Whipkey wished to address this? Ms. Whipkey stated she wants the public speaking to be put back to the beginning of the Council meetings. Ms. Whipkey stated that you said we could vote that you we not a dictator as to where we could move it to. Mr. Nicolard stated he was open to suggestions, and asked for clarification as to who would supervise the Clerk of Council in preparing the agenda as stated in Rule 111 then? Ms. Whipkey clarified that all she is asking for is a vote to move it back to where it was. Mr. Nicolard asked again for clarification, stating it appears that you still want Council President to control the agenda, you just want to tell me how to prepare it? Ms. Whipkey stated she would prefer to keep items A-G as they are and as far as the form it should have a vote. Ms. Whipkey moved to place the public comment back at the beginning, seconded by Mr. Mowery. Mr. Bergstrom discussed the meaning of Committee Work Session and the resident’s opportunity to address issues, as this happens at the same time. When it comes time to vote at the next Council meeting, we should already be prepare to vote and the residents have our contact information if they wish to address it. Mayor Zita discussed being frustrated, which is part of the reason the public comment section got moved in the first place. There is a time and a place for comments. The President should have the right to control that, and his reasoning is to maintain order in the meetings. Mayor Zita stated it is hard enough to conduct the meetings, without the various outbursts, sideline conversations, laughter, etc. Mr. Pelot agreed with the comments, and we do provide your opportunity to speak, and we are not taking that right away. Mr. Pelot was rudely interrupted by outbursts by Mr. Nelson. After several gavels by Mr. Nicolard Mr. Nelson was motioned to leave. Mr. Nicolard asked Mrs. Richards to read the Council Rule 106 one more time. Mr. Mowery moved to take a vote on whether Council should allow Mr. Nelson to stay or leave, seconded by Ms. Whipkey. Mr. Moss added that to have a vote it is still the option of Council President. At 8:28 PM Mr. Nelson was escorted out of the Council Chambers by the Council Bailiff. Ms. Whipkey stated that maybe none of this would have happened if the public comment was back at the beginning. Mr. Mowery stated that it is wrong have the residents to wait until 8:30 PM to be able to speak. Council should be working for the convenience of the people. Mr. Bergstrom stated we were elected to take care of ordinances, legislation and business of Council, which is what we are doing now. The Committee Work Session is where public comment is most important. At this time at a Council meeting, we should already know how we are voting on issues. This is the only way to do so in an orderly fashion. Ms. Whipkey stated it is wrong for the residents to state after a vote has been taken that they disapprove of the legislation. Ms. Whipkey stated that her only recourse is to take this issue to the ballot or do a recall. Mr. Nicolard stated he supports public comment at the Committee Work Sessions. Mr. Nicolard stated he did not believe there would be anyone here at the 11th hour changing their mind before voting on the legislation.

Roll Call for Rule 111 to be put back to the beginning.

Roll Call: Yeas: Whipkey, Mowery, McGlone, Conklin,
 Nays: Pelot, Nicolard, Bergstrom

Motion passed 4-3.

Mr. Mowery asked about the water meters in Brentwood Estates, and has anyone in Administration made any contact with Barberton, who would provide that information.? Mr. Mowery asked for who is it in Barberton that can put on paper that the residents are required to pay for these meters? Mayor Zita stated Mr. Mowery had already asked Mr. Ryland about this at the last meeting and was not involved in the follow up. Mayor Zita stated he was not sure if Mr. Ryland has made contact and could not comment. Mayor Zita stated he would look into whether Mr. Ryland has approached that or not.

NEW BUSINESS:

Election of Council Vice-President. Mr. Nicolard asked the Clerk of Council to read the Council Rules 102 as it was recently approved, which states: *“Election of President. The Temporary Chair will preside over the election of President. The Temporary Chair will call for nominations, which need not be seconded. After each nomination, the Chair will ask, “Are there any more nominations?” After a sufficient pause of silence, the Chair will declare nominations closed. If only one nomination has been received, it can be confirmed by voice vote. If more than one nomination is received, the Chair shall appoint two tellers and a ballot will be taken. A majority of all members of Council shall be required for an election. In case no election results from the first two ballots, the candidate receiving the fewest number of votes on the second ballot shall be dropped from the list of nominees, and the same procedure shall be followed with each subsequent ballot until an election results. If the foregoing proceedings have resolved down to two candidates and five ballots have been taken without an election resulting, then the Temporary Chair shall, by a single flip of a coin being called by one of the two candidates, determine the winner. Once elected, the President shall be sworn in. All other elections by the Council shall be conducted in the same manner with the President presiding. Election of Vice President: The President shall preside over the election of the Vice President”*. Mr. Nicolard called for nominations for Vice-President and appointed Mr. Moss and Mayor Zita as tellers. Mr. Mowery nominated Ms. Whipkey, Mr. Conklin nominated Mr. Pelot, Mr. McGlone nominated Mr. Bergstrom, and Ms. Whipkey nominated Mr. Mowery. Mr. Pelot respectfully declined to accept his nomination. After collecting the ballots the tellers announced the votes as Mr. Bergstrom receiving four (4) votes and Ms. Whipkey receiving three (3) votes, Mr. Bergstrom is elected as Vice President and took the proper seat on the dais.

PUBLIC SERVICE ANNOUNCEMENTS:

Mayor Zita read several announcements, (see attached).

COMMUNICATIONS FROM THE PUBLIC:

Ms. Ellen Wolfe, 4275 S. Hametown Road, Norton, Ohio stated that she moved here about six (6) years ago and did not realize this community wanted to be such a growing community, or wanted business to lower the tax burden on the residents. Ms. Wolfe stated she researched Copley and Green and found that although they are growing their taxes are going up and up, and the residents are just screaming mad about this. Ms. Wolfe discussed the sewer issues and her research found the costs for Norton seems extremely high and asked for reasoning for these high costs. Ms. Wolfe discussed her frustration at city hall when asked who is responsible to mow their ditches, and the lack of information received. Ms Wolf stated that she did not believe Mr. Pelot’s comments about only a small handful of residents wanted to have Mr. Tousley as the Ward 4 candidate. It was a large group that wanted this candidate appointed.

Karen Harley, 3432 Harper Avenue, Norton, Ohio, stated that we have 2,000 voters, in Ward 4, and Mr. Conklin lost to Mr. Braman. We came and we pushed for Paul Tousley and we were ignored not a surprise. You seem to overlook and ignore what we have to say. Ms. Harley thanked Ms. Whipkey for her action to move the public speaking back to the beginning of the agenda. Ms. Harley stated that there are sixteen (16) months left on all of your terms and gives us a lot of time to figure out recall ballots. If you don't start listening to us and do what we ask of you, we will be looking at that. Its not just ward 4 that is ticked off, there are a whole lot of residents that are not happy. Ms. Harley discussed the widening of Cleveland-Massillon Road and that you want to turn it into a business corridor, and that is exactly what you are trying to do, next it will be Greenwich Road. Eventually if you continue to grow downtown Norton, you wont even see our gazebos. If you allow that type of development, you will lose the town center and grow yourselves right out, it will turn into Fairlawn. Ms. Harley urged Council to really try and listen to what we are trying to tell you.

Audrey Kornacki, 3008 Dutt Road, Norton, Ohio, echoed Ms. Harley's comments. Ms. Kornacky stated she did not like having a resident removed from the meeting. Ms. Kornacky stated you wont make it to 2013 because there will be a lot of recalls. Ms. Harley stated some of these residents may be disruptive, and that maybe they are that way because they are unhappy with this Council and or Administration. You need to take inventory about what you are doing here. When real questions are being asked you don't have answers, and you need to check into the business part of things. Please think about what you are actually doing to the people.

Mrs. Tompkins waived her comments until next meeting.

ADJOURN:

There being no other business to come before the Regular Council Meeting, the meeting was adjourned at 8:57 PM.

Don Nicolard, President of Council

I, Karla Richards, CMC-Clerk of Council for the City of Norton, do hereby certify that the foregoing minutes were approved at a Regular Council Meeting held on September 24, 2012.

Karla Richards, CMC-Clerk of Council

****NOTE: THESE MINUTES ARE NOT VERBATIM****

All Council & Committee Meetings will be held at the Norton Safety Administration Building, unless otherwise noted.
