

COMPARING ENERGY RATES: A QUICK REFERENCE GUIDE

What to Look For:

Price Per Unit
The price per unit you will pay for the gas or electricity you use—shown as \$/kWh for electric or \$/MCF or \$/CCF for gas.

Rate Type
Rate types include fixed, meaning it stays the same for the length of the term, or variable, meaning the rate can fluctuate.

Introductory Price
Is the price you are being offered only available for a limited time? Is the introductory price a “teaser” rate?

Term Length
The amount of time you are locked into the contract. When the term ends are you automatically renewed and at what rate?

Early Termination Fee
The fee you will pay if you switch suppliers before the contract term ends.

Monthly Fee
Some suppliers charge a monthly fee in addition to the price per unit.
